

F1 >Bunny bounces

F2 >Bird and insect noises

F3 >**Breeze Rider** flies by

F4 >Bunny shakes

F5 >**Breeze Rider** buzzes very loudly around doing gay things, flapping wings, stuff like that

1 Breeze Rider: Hmmm

F6 >**Breeze Rider** continues flying around being gay

F7 >**Breeze Rider's** wing is clipped

F8 >**Breeze Rider** crashes

2 Breeze Rider: So cool. Cold even. I hope nobody will notice I left that hill snowy during last year wrap up. **sighs** Flying in winter is much better than...

F9 >Bunny taps foot

3 Breeze Rider: Oh. **giggles**

F10 >Bunny continues tapping

>Opening song (sung by some faggot? idfk)

Lost inside the thought of a journey.

I can't hide from the danger around me.

But I know that it will be alright.

I'm not alone, my friends are by my side.

When I look around

I see the world falling apart slowly.

But with another glance I see

My friends are always ready to be there for me.

Sometimes life gets hard

And I know people get hurt.

But with my friends at my side

I'm ready to take on the adventure.

4 Doodlecute: Hey Breeze Rider!

5 Breeze Rider: Hey Doodlecute! What's up?

6 Doodlecute: You still haven't cleared that hill yet?

7 Breeze Rider: Well...you know.... Time flies fast when I'm here.

8 Doodlecute: Come on Breeze Rider. What if the DeNoir family says something?

9 Breeze Rider: The DeNoirs? Nah. They may own this land...

F11 >Clipping and flapping

10 Breeze Rider: But we never see them anyway.

11 Dusk (voice over): Sleep well, mother. **sighs** It's been a long time since she hasn't been around. Illusions can't do everything. One day they will return. I know it. Until then I guess I have to grow up by myself. **blows candle out**

F12 >Creepy door creaks creepily, then clicks closed

F13 >**Dusk** clapping

12 Dusk: After all, isn't that some special day? I'm turning 9 tonight. Happy Birthday, Dusk.

>Song (sung by **Dusk**)

Time to explore all the secrets
Today I am a kid no more
This destiny calls out to me
After those years I'll smile and soar
I'll follow the path and the hoofsteps
Left behind by my great-grandfather
I'll discover what my grandfather did
To gain such a huge power
Today I start my journey
Never to stop until I find
What has happened to my father
Who I am and my peace of mind

13 Dusk: Illusions? Dark powers? What a shame, I expected something different. **pause** I can work that.

>Song continues (sung by **Dark Dusk**)

Of course you do, my little one
Don't be afraid, for you are me
Pleased to meet you, and this will be so fun
And we are just two friends to be-e-e uh
Well I am the price for those powers
Invincible! That is a fact
I'll borrow that body of ours
And don't go thinking you can fight back
"I won't let you, you mean monster"
I doubt that friend, just look at me
You're the student and I'm the master
So sit down, freeze, and let me be uh
Who do you think I am, you weakling?
You are just a toy in my hoof
Of all the magic I am the king
And your demise will be the proof

14 Dark Dusk: **laughs** I must admit I'm having quite a good time!

>Song continues (sung by **Dark Dusk**)

Today's foreclasp: black clouds
Witness the return of the curse
Celestia's blind and won't notice
The threat that will make all things worse!
Ha ha ha! Turn off the lights
Run away, hide yourself far, gallop and flee
I will catch you, you are my prey
Powerless to stop uh what you see

Hear my words and be afraid
There will soon be no place to hide
From the shadows and the terror
They will all fall with darkness on MY SIDE!!!
My side! I've got all the darkness on my si-i-ii-de
scatting followed by extended and forced "evil" laughter

- 15** **Iris:** Next patient please! **pause** Hah! Mister Brave. How are you doing?
- 16** **Mister Brave:** Things have been fine. Still working on that bridge above the river.
- 17** **Iris:** Glad to see you're putting all those studies to good use!
- 18** **Mister Brave:** Brains and brawn!
- 19** **Iris:** And modesty! **giggles**
- 20** **Mister Brave:** Oh come on! You know I'm not like that.
- 21** **Iris:** I know. Otherwise, I would be the first to let you know. Anyway, you seem in perfect health. Amazing!
- F14** *>Crash outside and loud wind blowing by window; wind noises throughout*
- 22** **Iris:** What was that? It's a tempest?!
- 23** **Mister Brave:** And it seems to be a big one!
- 24** **Iris:** Ponies are flying everywhere!
- 25** **Mister Brave:** What's going on?
- 26** **Breeze Rider:** We are doing what we can, but the wind is quite hard and pushing!
- 27** **Mister Brave:** At this rate the tempest is gonna damage all of Ponyville! Any ideas how to solve it?
- 28** **Breeze Rider:** Well, I'm not sure telling any jokes will do the trick. I have a feeling this wind is magical.
- 29** **Mister Brave:** Hmm. Iris, if the wind is magical, can you detect its source?
- 30** **Iris:** I...think...it's coming from the forest.
- 31** **Mister Brave:** Alright then. Stay safe and I'll go and see what's happening.
- 32** **Breeze Rider:** Good luuuuuck! **blown offscreen**
- F15** *>Mister Brave clops away as wind is blowing*
- F16** *>Wind begins again and then stops suddenly*
- 33** **Doodlecute:** Hey! Wait!
- F17** *>Mister Brave skids to a halt*
- 34** **Mister Brave:** Doodlecute!
- 35** **Doodlecute:** Mister Brave, am I ever glad to see you! My friend Star Whistle's in here. Something's wrong. She doesn't seem well. She's surrounded by some kind of magic field. Please, help her!
- 36** **Mister Brave:** Don't worry, I'll help out however I can
- F18** *>Both ponies zoom away*
- 37** **Doodlecute (yelling):** Star, hang on! We're coming!
- F19** *>Wind noises begin again and are heard throughout along with random magic noises*
- 38** **Star Whistle:** Help...me...

39 Doodlecute: **screams**

40 Mister Brave: Star Whistle! I'm here to help! What's wrong? **ducks** Woah! She has no control! But this has to stop!

F20 >Mister Brave tackles Star Whistle to the ground and the wind abruptly stops

F21 >Doodlecute clops over and applies a bandage to a ring and removes it

41 Star Whistle (moaning): Uhh, my head. What happened?

42 Donut: By Celestia! What happened here? Is anypony able to tell me what happened here?

43 Iris: Is anypony wounded?

44 Breeze Rider: Is anypony...wanting to hear a joke?

45 Star Whistle: Everything is fine officer.

46 Doodlecute: This was the cause of the trouble.

47 Donut: What is that?

48 Star Whistle: I was asked to study that ring. When I touched it, my magic got out of control. Then...I just don't know what happened.

49 Mister Brave: It's okay Star Whistle. Everything's fine now.

50 Donut: Let's see that ring then. Hmmm?

51 Breeze Rider: Hey! Isn't that the crest of the DeNoir? I know where they live! Maybe we should pay them a visit. They might know what's going on.

F22 >Star Whistle makes a magic noise and the ring disappears

52 Star Whistle: Sounds like a good idea. I'll send the ring to the castle. With a warning, so no pony else gets hurt.

53 Iris: Let's go together. I have a bad feeling about this.

F23 >Star Whistle and Doodlecute clop

F24 >Crows cawing, birds singing, insects chirping throughout

54 Star Whistle: The princess received the ring this morning. It was magical, so I was asked to test it. I tried it, but I don't remember after.

55 Breeze Rider: Girls, we're here!

56 Doodlecute: Hmmm...you sure? I'm not so sure about this. This isn't very...natural.

F25 >Slide whistle as Breeze Rider's head appears out of cloud

57 Breeze Rider: Well duh. If it was, I would have cleaned this in 30 seconds flat!

58 Doodlecute: **sighs** I guess it can't be helped. Here goes.

F26 >Clipping

F27 >Thunder striking loudly multiple times, crows cawing, owls hooting, insects chirping

F28 >Ponies clapping. Crows cawing, owls hooting, insects chirping throughout

59 Doodlecute: Well, it's as ugly as it seemed.

60 Iris: We should tend to the sick animals.

61 Doodlecute: Alright. Mister Brave, could you come with us, please? I'm not sure what we're gonna find.

62 Donut: We should start the investigation before things go too far.

63 Breeze Rider: I'll go with you.

64 Star Whistle: If it's magic, I probably should go too.

F29 >Door is kicked in by **Donut**

65 Donut (*loudly in commanding voice*): Royal Guard! Show yourselves!

66 Breeze Rider (*sarcastically*): Yeah, real smart. I bet he's all willing to see us now.

67 Star Whistle: Stop it guys, please. We have better matters to attend to.

F30 >Ponies clop into building

68 Breeze Rider: Those other matters seem awfully complicated.

F31 >Outside with crows cawing and insects chirping again throughout

69 Iris: **sighs**

F32 >Random clapping

70 Iris: Who there?

71 Mister Brave: It's us, Iris. **awkward pause** Were you scared?

72 Iris: N...yes, I was.

73 Mister Brave: The animals we took care of outside are recovering. They're doing much better now.

74 Doodlecute: That's a relief, do you think the others are alright as well?

75 Mister Brave: I hope so, somepony has to stop this.

F33 >Owl hoots and thunder strikes

76 Donut: So, the source of the spell is behind that door? Well...

F34 >**Donut** knocked down by **Breeze Rider**

77 Breeze Rider: Wait! You're just going to break the door and shout. Let me try.

F35 >Loud thunder

F36 >Door creaks open

78 Breeze Rider: Uhm, hello?

F37 >Thunder strikes

79 Breeze Rider: Uh oh.

F38 >Door creaks shut and thunder strikes

F39 >Door is kicked open

80 Donut: Royal Guard! Freeze!

81 Dark Dusk (*sounding like dick in mouth*): Huh? **random vocalizations as if mouth were occupied by a giant cock**

82 Breeze Rider and **83 Star Whistle:** Huh?

F40 >**Dark Dusk** spits out penis

84 Dark Dusk: **clears cum from throat** Freeze? I'm way too evil for that!

85 Donut: He sounds dangerous.

86 Star Whistle: Must be the scepter. Any idea on how to catch it?

87 Donut: No. Breeze? Uhh, Breeze?

F41 >Wind blowing

88 Dark Dusk: You want my scepter? Catch it!

F42 >**Donut** clapping quickly

89 Donut: No!
F43 >Loud thunder
90 Star Whistle: Donut?
F44 >Donut's eyes become a slot machine and he falls over
91 Star Whistle: Donut!
92 Dark Dusk: Let go! There is nothing you can do!
F45 >Scepter makes light saber sounds
93 Star Whistle: I will...stay in control...of my powers!
94 Dark Dusk: This is the dawn...of DARKNESS!
95 Breeze Rider: Gaaaaaaaah!! Oh hey it works! Cool! See ya **flies away**
96 Dark Dusk (voice over): I didn't foresee that. Maybe there is a spell that I can... Oh! Well.
Maybe another time
F46 >Dark Dusk collapses
97 Donut: Star!
F47 >Donut clops
98 Donut: The spell just stopped. **clears throat**
99 Star Whistle: He fell when Breeze took the scepter away. Do you think it's like my ring?
100 Dark Dusk: Ohhh...my head.... Wh-what happened?
101 Star Whistle: Well...everything began a few hours ago...

102 Star Whistle: And then you woke up
103 Dark Dusk: Huh...I see. **groans** Well...I...still feel a little tired. S-s-since I'm obviously cured, you should go back to your occupations. I'll be fine. Really!
104 Star Whistle: Hmmm...I should help repair the damage I've done.
105 Donut: And the Princess will have to be informed.
106 Dark Dusk: Perfect! I-I mean, good luck! Ehh?
107 Star Whistle: You should rest. You...don't look so well.
108 Dark Dusk: Will do! Bye!
109 Star Whistle: See you later.
110 Dark Dusk: Ohh, I'm pretty sure we'll see each other again

F48 >Clipping throughout
111 Donut (clipping): **sighs** I can't believe this. I've only been here for two days and I'm already bored beyond belief. Some promotion! Keeper of the Artifacts. This isn't real guard work! I should be out there, helping everypony! Like with Iridescence and the others! Now THAT was teamwork.

F49 >Something flies by.
112 Donut (clipping continues): Hmm? Must have been a cat or something. **sighs** I miss those ponies. Real stand-up types. I never would have believed Brave and the others would have been able to catch Breeze and the scepter unless I'd seen it with my own eyes. And then...Star heads back into Ponyville to start repairing the houses. The rest head back to their various works. I bring my report and the scepter back to Princess

Celestia. And what do I get? Stuck walking these lonely corridors for who knows how long. Princess Celestia...

F50 >Door opens on ceiling, wind rustles curtains

113 Donut: Bah! All this walking is driving me crazy. How long is this corridor anyway?

F51 >**Donut** continues clopping

114 Donut (sighing): The Princess said she had to, "reflect on the events," and needed all this stuff guarded until then. I don't understand any of this. Magic is always so...overcomplicated. I mean, with everything that's going on, I could just walk by the Elements of Harmony like some kind of dream and I wouldn't even bat an eye. Huh?

>**Donut** stops clopping

F52 >Muted magic sounds

F53 >Door opens

F54 >Magic sounds intensify

115 Donut: What the hay? I'm no expert in magic, but I should probably report that to Princess Celestia

F55 >Clopping throughout

116 Donut: I hope she'll give me a real audience this time.

F56 >Clopping throughout

117 Doodlecute: Thank you for going with me, Mister Brave. I'm really not that comfortable in a big town.

118 Mister Brave: I've known that feeling. Sooo...do you know why the Princess asked to see you?

F57 >Flapping throughout

119 Breeze Rider: Shot! If I knew the Princess would call me because of a small wintry hill *inhales* I would....wait! Maybe it's for something even worse! *gasps* What did I do?!

F58 >Clopping throughout

120 Iris: Maybe it's not something I have done, but something I haven't?

F59 >Clopping throughout

121 Star Whistle: In any case, she MUST see this.

F60 >Clopping stops

122 Donut, 123 Doodlecute, 124 Mister Brave, 125 Breeze Rider, 126 Iris, 127 Star Whistle: What?

128 Star Whistle: Okay, now I'm terrified.

F61 >Large door opens, sounds like rock grinding against rock

129 Star Whistle: Dear Diary, In retrospect, I think I should have guessed things weren't right. I mean, in the end, we tried to walk to the problem and bash it until everything was fixed. Since when is THAT a good solution?

F62 > *Dusk* knocks on a plexiglass window
