

/mlp/ Dubs 3: The Last Dubs (not really)

What is this?

We're going to re-record all the speaking and singing lines to The Last Problem, the final episode of MLP: FiM. We'll then mix it all back into the video and post it. We've delivered two other of these projects in the past, so OP will deliver (even if it takes us a while). Past videos:

[/mlp/ Dubs Episode 100](#)

[/mlp/ Dubs 2: Dub's Dawn](#)

How do I participate?

Go to the Lines spreadsheet and choose anywhere from 1-3 speaking lines that are marked as Available in the Status column and as many singing lines as you want. Post in the thread claiming the lines you want (you don't need to claim any of the music, just record the vocals and we'll accept all submissions for the final mix).

How do I record?

The Chad: Use a free software application like Audacity. Save your audio recording as an uncompressed .wav file. Then upload it to a file sharing site like <https://smutty.horse/> and share the link in the thread

The semi-Chad: Same as above, but if the file is too large I guess you could save as a .mp3. Try to use the highest bitrate you can

The virgin: Use <https://vocaroo.com/> and post the link to the thread. **THE QUALITY HERE IS SHIT THOUGH**

But Anoooooon, I want *MORE* lines!

Just wait, we want to give everyone a chance to choose their favorite lines. After a week or two, I'll post in the thread inviting people to go in and pick more lines.

What if I want to record foley/music/something else?

Sure! We'd love that! The interesting thing about this dub is that - thanks to the leaks - we have the cleanest separation of the episode's vocal track from its sound effects/music than we've ever had. So, if you do want to record foley or music, then it will probably be placed over top of the sound effects track, unless we can edit it in otherwise. In other words, it might sound weird, but if it works we will definitely use it. We'll go out of our way to make every meme count.

And if you want to re-record the music track, well, that would be completely fucking epic.

I have another question not answered here. WHAT DO I DO???

Just post in the thread and wait for a friendly anon to help.

These times don't line up with my episode.

I use a leaked version, the times line up with this video: <https://pony.tube/videos/watch/c9c182d1-abf8-44eb-b7b3-0d8e55d8a04f>
