BEACH FUN: THE STORY

■ **O**ur story begins along the sandy shores of Emerald Coast. Today was a very beautiful summer day out on the beach. Sonic and Amy were relaxing near the waves on their beach towel.

They were a couple now and they had been together for almost one year. They decided to go on vacation and get away from Westopolis and just spend some alone time together as a couple.

Sonic was resting on his back under the shade of his beach umbrella, while Amy was lying on her stomach away from the shade, soaking in the sun rays.

- I'm so glad we could fit some vacation time in, *Sonikku!* - Amy exclaimed - Going to the beach was a fantastic idea!

Amy was wearing a beautiful sky blue bikini top that expressed most of her top and bottom cleavage. She was also wearing a sky blue bikini thong that displayed the best features of her butt cheeks. She was also wearing white sandals that exposed her amazing pink feet, each with five toes. She would occasionally pop back her sandal heels that occasionally exposed her cream colored soles.

Sonic was wearing a red swimsuit with white stripes to the sides. He had removed his gloves and running shoes and was wearing a pair of tan sandals that exposed his blue feet with five toes.

- It sure is Amy, - he sat up and looked out at the sea - this is the perfect spot for the two of us. I gotta say, you can't beat the view from here - his gaze slowly fixed down towards Amy - and the sea isn't half bad either.

- Oh... Sonic... - Amy began to blush, with an idea formed in her head - Can you do me a favor, Sonic?

- Sure babe, what do you need? - Sonic began to stand from where he was sitting.

- I need to apply more suntan lotion on my skin, otherwise I will start burning; can you be a good boyfriend and rub some on me, Please *Sonikku...*?

Sonic began to raise an eyebrow.

- Only if you start calling me by my actual name...

- But why, it has a nice ring to it! - she over to Sonic who now had a look of disappointment.

Amy puffed out her cheeks, as if she was about to start pouting. "Sigh", she thinks, "you're no fun to mess with".

Sonic pulled out the suntan lotion that Amy brought in her bag. He flipped the cap open and started to pour some of the lotion into his hands. It was a very white-clear liquid that made his hand feel very slippery. It gave off a strong vanilla scent.

He put the bottle down and began grasp the lotion with both hands. Sonic walked back to his girlfriend and sat down. He looked down at Amy and his heart began to beat faster. He loved to see Amy's body this way and wanted to make her feel very good in every way possible.

Sonic lowered his hands onto Amy's back and began to apply the lotion. Amy began to smile and let out a sigh of pleasure.

- MMMMhnn... that feels nice, Sonic...

Sonic's hands moved up and down around her upper and lower back, he was precise on hitting every possible spot of Amy's skin so she would not burn. Amy's back began to glisten with the sunlight's reflection.

- Don't forget about my arms and shoulders too!

Sonic moved his arms up towards Amy's neck. He began to rub and massage deep into her neck and shoulders. Amy let out another coo of enjoyment and positioned her arms outward for Sonic to reach. Sonic grabbed one of Amy's arms and began to apply her lotion; he did the same for her other arm.

Amy's upper back was now shiny from the lotion; she flipped over on her back and faced Sonic, her eyes gazed upon his.

- Can you apply some lotion on my face please? - she asks.

- Sure thing Amy - Sonic replies.

He began to place more of the lotion in his hands.

BEACH FUN: THE STORY

- Close your eyes - Sonic says.

Amy did so and waited for Sonic to start. Sonic leaned forward and kissed Amy on her lips, catching her off guard. She began to blush and started to giggle.

- Thanks sweetie, but my cheeks are going to melt if you don't hurry up with the lotion.

Sonic chuckled:

- Alright, alright, close your eyes, for real this time.

Amy did so and Sonic started to apply the lotion on Amy's face. After rubbing the lotion on her cheeks, nose, and ears, Sonic then began to apply some lotion to Amy's tummy. Amy began to giggle softly because how ticklish she was on her stomach.

Sonic had to slow down his movements so that he would be able to rub on all of the lotion onto Amy's stomach. Amy's upper half of her body was now glistening with the bright Sun.

- Okay Sonic, all that's left now is my legs, and then I'll be good to go! - Amy says.

She leaned back and closed her eyes with her head touching the towel and positioned her legs closer to Sonic. Amy then began to slightly lift up her legs into the air so Sonic could rub the lotion all around her legs. Sonic started to place more lotion into his hands. He was about to start applying the lotion, but paused for a brief moment.

Sonic's gaze was fixed at Amy's feet. The way Amy was wearing her sandals gave Sonic a great view of the bottom part of her soles and tips of her toes. Sonic always deep down had a foot fetish ever since he could remember anything. He loved Amy, but he did not have the guts to tell his girlfriend about his fetish.

Even though Sonic could trust Amy with almost anything, he was afraid that she would be repulsed by it and decided that his secret should remain a secret. His eyes began to wonder down Amy's pink legs, admiring her beautiful curves on her thighs. Sonic's eyes finally reach down at Amy's thong; her privets just barley being covered by her swimsuit. Amy began to pop out her right sandal curiously:

- Sonic, are you still here?

Sonic quickly sprang back into reality and answered Amy.

- Y-Yea... just putting more lotion in my hands... - he opened the bottle and started to squirt some lotion in his palms - Alright... here I go...

Sonic started at the middle of her legs and moved upwards. He began to massage Amy's calves, which made Amy moan softly. *"That's the spot, right their..."*, he thinks. Sonic then started to move his motions downward to Amy's knees and thighs, circling all around until they became shiny. Amy's ankles were last to go. Sonic carefully grabbed Amy's Left sandal and started applying the lotion to her left ankle; he did the same with the other ankle.

Once Sonic stopped rubbing, Amy glanced at her legs and noticed how polished they were from the lotion.

- Thank you sweetie, I appreciate what you have done for me!

Sonic began to smirk:

- No problem Amy, we are a couple now, and this is what couple do for each other.

Just before Sonic released Amy's sandal from his grasp, an Idea popped in his head. Sonic placed both of his hands on Amy's sandal tops. He then removed the sandals from Amy's feet, revealing her cream soles. Sonic started to put more lotion in the palm of his right hand. Amy looked at him, curious on what he was doing.

- Sonic I thought we were done, why are you getting more lotion?

Sonic paused and quickly began to come up with answer; Words began to fail him as he spoke.

- I uh... forgot to put some lotion for your feet, and uh... it might be a good idea to put some on so you won't burn, mind if I... rub some on your feet...?

Amy had a cheerful look on her face.

- Sure, go right ahead.

BEACH FUN: THE STORY

She lifted her feet up close to Sonic.
- I've always been wondering if you give good foot rubs anyway Sonic.

Sonic was shocked to hear what Amy said to him.

- Really!? A-alright, I'll do my b-best, Amy!...

Sonic used his left hand to reach out and grab Amy's left foot. This was the first time his hand came into contact with her sole. Her foot was very soft and smooth to the touch. Sonic used this chance to feel Amy's curvy wrinkles. He wasted no time rubbing the lotion on Amy's feet, starting with the sole of her foot using his thumbs to massage deep around her foot.

Amy immediately let out a gasp of surprise:

- Oh Sonic, this feels so amazing!

The lotion felt very cool and slimy on Amy's sole, giving her feet the sweet smell of vanilla.

- You're such a natural at this; I want this to last forever!

Hearing Amy's words was just music to Sonic's ears.

- You got it babe, I'll give you the best foot massage you've ever had.

Amy leaned back down and closed her eyes to allow Sonic to continue massaging her foot.

Sonic made sure to rub all of the lotion on Amy's foot, from the bottom of her heel, up to her toes. Amy moved her right foot in and allowed Sonic to rub lotion onto her other foot. He used the same method when applying the lotion to her foot.

Amy would just lie still, letting out small moans of pleasure every once and a while. She was starting to blush around her cheeks, and seeing this made Sonic blush too.

- God, I am the Luckiest Hedgehog alive! This is the best day of my life!

Sonic started to feel tight under his swimsuit. He looked down and noticed that he was starting to become aroused. He carefully moved Amy's feet upward from his lap, his eyes quickly looked over at Amy. Her eyes were closed shut and did not notice what was going on.

"Crap... That was too close; I need to be more careful." Sonic thought to himself.

Sonic continued to massage Amy's feet for almost 10 minutes, his erection had become larger than before. To his relieve, Amy seemed to have dosed off from the foot massage she received.

"I can't believe Amy fell asleep like this" Sonic thought to himself. "She looks so peaceful sleeping like this, and beautiful..." An idea started to form in his head. *"Well, since she's asleep... maybe I could... finally get away with... what I have always wanted to do with... her feet."*

His heart began to beat fast, his erection also started to throb. He began to carefully move Amy's feet slowly towards his face, the scent of vanilla slowly becoming stronger and stronger as her soles got closer. *"I can't do this... what if she wakes up... NO, this could be my one and only chance... I... can't resist, I must do this!"*

Amy's feet were just inches away from Sonics face. Sonic opened his mouth and started to reach his tongue out. *"Here I go!"* Sonic's tongue touched the middle of Amy's left sole.

He began to softly lick up and down her heel and sole, tasting the sweet vanilla from where he rubbed the lotion. He reached the top of her toes and began to softly suck her big and middle toes.

Suddenly, without warning, Amy's right foot jerked from Sonic's grasp and immediately stepped on his hard erection. The pain caused Sonic to spit out Amy's toes from his mouth and squeal in pain. Amy rose up and pointed a finger at Sonic:

- AHAA! I knew it! I knew you had a foot fetish!

It turns out Amy was never asleep at all and caught Sonic red handed!

- Guh... Amy, I... I'm so sorry...

Amy's foot was still pressing down on Sonic's member.

- I can't believe you, why would you ever hide a secret from me?!

Amy kept a firm grip on Sonic's member.

- Amy... wait... I can explain...

She released her foot's grip from Sonics crotch and started to stand up. Sonic looked

BEACH FUN: THE STORY

down with embarrassment at his erection. *"What the Hell was I thinking..."*. He waited for his girlfriend to either start walking away, or beat the living crap out of him with her Piko-Piko Hammer that would always seem to appear out of nowhere.

Instead Amy just stood where she was, looking down at Sonic who appeared to look like a sad puppy being scolded.

- Sonic... there's something I have to tell you...

Sonic looked up with sadness in his eyes. Amy placed her hands behind her back; Sonic swallowed hard expecting what to come next. The bikini strap from Amy's back suddenly popped off; she allowed her top to fall to the sandy ground, exposing her breasts.

Sonic's expression became a look of shock from what he was witnessing. Amy then grasped the edges of her thong and quickly pulled it from her waist down to the ground, revealing her beautiful shaved pussy.

- I also have a small secret... - she kicked her thong where her bikini top landed - I think it would be better if I showed you what I mean by what I say.

Amy lowered down to her knees and began to slowly crawl to Sonic. She had a playful look in her eyes fixed directly at Sonic's eyes; Her ass playfully wiggling with her motions. Amy stopped crawling when she was just above Sonic's feet. Sonic remained motionless and silent.

Amy broke the gaze locked between the two; now looking down at Sonic's feet. She leaned her head down near Sonic's left foot and gently bit down on his sandal. Amy tilted her head upward and pulled off the sandal, revealing Sonic's left sole. His sole was a much more tanner than Amy's soles. Amy gently placed Sonic's sandal next to her.

She went in and grabbed Sonic's right sandal with her teeth the same way she did before. Sonic started to feel the cool summer breeze between his toes. This feeling made him slightly wiggle his toes in relief. With the sandal still in her mouth, Amy playfully giggled watching Sonic air out his toes.

She placed Sonic's right sandal next to his left sandal and began to inhale deeply next to them. Sonic watched Amy with a curious expression on his face. *"What the heck is Amy doing with my sandals... wait a minute... does this mean that Amy also has a foot fetish like me!?"*

Amy let out huge sigh of relief and pleasure.

- Ahhh... your sandals smell amazing Sonic; now let's see if your feet taste just as amazing too!

Amy began to lick across Sonic's left sole. She moved her tongue in an upward motion, starting from the bottom of Sonic's foot, to the top center near his toes Sonic started to immediately regain his erection back. *"Oh Wow! She does.... no... I can't believe this is happening!..."*

Amy stopped momentarily and pointed her index finger upward.

- Lift your feet close to my face sweetie...

Sonic nodded in agreement and lifted both of his feet to Amy. She happily traded off between both of his feet, licking up and down both of his soles together. Amy began to fondle her breasts together in rhythm with her licking. Her tongue felt very warm wrapping around Sonic's toes, making his cock pound harder.

After about 5 minutes, Amy stopped licking Sonic's feet and placed them gently down on the beach towel. She watched as her saliva slowly dripped from Sonic's toes, down to the sand. Sonic's feet were completely drenched with no sand grains to be found. Amy then glanced down at Sonic's hard erection; it was starting to ooze out a small amount of pre-cum.

Amy licked her lips and slowly started to crawl towards Sonic. Sonic looked down and noticed that Amy's head was now just inches away from his penis. Amy stuck out her tongue and started to lick the pre-cum off the tip of his cock.

She then kissed the tip and started to giggle.

- I am not going to let you cum yet, not until I'm satisfied first.

Amy stood up and positioned herself above Sonic. She placed her back behind his knees

BEACH FUN: THE STORY

and slowly inserted herself with him. Sonic could feel how tight Amy was and grunted with delight.

Sonic was lifting up on Amy's ass cheeks so that she could lift her legs up. Her bottom felt very soft in his grasp. Amy then planted her feet on Sonic's face, giving him full control of her soles. He started licking all over Amy's soles while she began to ride on Sonic gently.

- Oh yes... oh... lick my feet... they are all yours.

Both were moaning passionately together with pure delight. Sonic peeked between Amy's toes and watched her stroke her breasts together. *"I can't believe that she had a foot fetish this whole time that I've known her."* Ten minutes had passed; Sonic and Amy were still going strong. The rhythm of their movements had increased in pace from before. Sonic was now sucking most of Amy's toes. Amy's moaning was now much stronger than before.

- OOOHHH Sonic! I'm nearly there! Fuck me!!! Fuck me as hard as you can!!!

Sonic released Amy's toes from his mouth and started to pound up much harder, gritting his teeth together and groaning lustfully. Amy pussy was tighter than ever on Sonics stiff member.

- I... I'm goanna.... KEEEEAAAAA!!!

Amy reached her orgasm first; her pussy juices splashed around Sonic's penis and lower body. When her contractions finally stopped, Amy slowly separated herself from Sonic and collapsed on the beach towel. She was slowly catching her breath and noticed that Sonic was still hard.

- Wow, you've still managed to last this long! - Amy exclaimed.

Sonic was near his breaking point; pre-cum had started to dribble from his penis. He watched as Amy started to get back up.

- Let me help you with that, Sonic - Amy said as she placed her soles on Sonic's member.

She started to give him footjob, the juices from her orgasm acted as a lubricant, making it easy for Amy to slide her feet around Sonic's penis.

- I'm going to milk you dry sweetie.

She began to pump vigorously on Sonic's shaft, moving up and down as fast as she could. This was pure bliss for Sonic, he had never felt this good in his entire life. *"Amy... You're so Amazing..."*, he thinks. He managed to utter between grunts of pleasure. Amy giggled and started to pump faster. More pre-cum started to ooze out.

- Ohh... Amy I'm at my limit! I can't last much longer!!!!....

Amy stopped pumping and kept her feet hovered over Sonic's penis.

- That's it Sonic, cum all over my soles, I want your lotion all over me!

Sonic began to jack off; he finally reached his breaking point. His shot his first three loads all over Amy's soles; his fourth one caught Amy off guard some landed near her right cheek. His final two loads landed on her belly. Sonic froze for a moment before falling over in exhaustion.

He began to catch his breath and looked over at Amy. Amy stuck her tongue out and licked the cum off her cheek. She then pulled her feet close to her and stared at her stomach and soles, drenched in cum.

Amy stretched her right foot close to face and stared to clean off her right sole with her tongue. Sonic stared in Amazement as he watched her licking between her toes with ease. *"Wow, I never knew Amy was so flexible!"*, he thought. Once Amy finished up, she stood up on her two feet and started to stretch.

- Damn Sonic, that was the best! Let's wash our bodies in the sea!

Sonic swallowed hard:

- Um... heh, I think I'll pass, you know how I am when it comes to water...

- Oh, don't be such a wimp, this will be fun!

- N-N-NO, Amy wait! - he was so weak to run. Amy's grip was surprisingly strong for a mobian her size.

- Don't worry; I won't let you drown in the ocean!

- NOOOOOOOO!!! - Sonic cried out.

TOE HANGING

FOOT STORY: TOE HANGING

Fire and Free were on a trip that day, Sky didnt have the time to come along cause she had important things to do, so it was just Free and Fire.

The two girls went to the cliffside view park to spend the day there. Free got the sodas and Fire brought the drinks and the blanket, then they sat down and took a break.

- Hey, Fire - Free says.
- Hum? - Fire replies.
- How is going with your projects?
- Fine, fine. Why do you ask?
- Just wanting to know... if anything goes wrong.. let me know.
- Nothing bad is going to happen... but if it does, i'll talk to you.

Free smiled and looked back at the sky from across the horizon. Fire grabbed a soda and took a sip. Fire took off her shoes and placed them right next to her. Fire turned towards Free who was enjoying herself.

- Want me to take off your shoes? - Fire asks.
- Umm..w-well I d-dont know... I'm kind of shy about ... - Free replies, blushing a bit.
- Oh nonsense... let me do it.

Fire went in front of Free's shoes and untied each shoe lace off her shoes. Fire was kind of close to the cliff, toes dangling off. It caught some unwanted attention from some *mysterious* things in the shadows. Fire got done with one shoe and removed it and went for her sock.

- W-wait... can you let me keep my-
- Free! - Fire interrupts - Its good for your feet to let them breath... just trust me.

Fire slowly pulled off her sock, reviling her heel, then her sole, and then her four toes that slipped out the sock. Free wiggled them, and it made Fire giggle.

- They are so cute...let me get the other one.

Free blushed as Fire went for the other shoe to do the same. Just suddenly, some tickled Fire's toes. She giggled and thought it was Free that did it.

- So... - Fire looks at Free - you want a tickle fight? do ya?
- ??? Huh? O-ok sur-

Just all of a sudden, Fire tickled Free's feet like crazy, and the female dragon laughed really loud and she could stop, but when Fire went to get up, her foot slipped off the rock and she fell down the cliff. She grabbed Free's toes in attempt to save herself. Free noticed it and she grabbed a rock with one hand and held on, she just wish the rock wouldnt move so close to the edge.

- SAVE ME WOMAN! - Fire shouts.
- I'M TRYING!!
- NOT HARD ENOUGH!!

The rock stopped at the edge and Free was still dangling by one hand, just then a magic feather went up to Free's fingers and started to tickled them, and she giggled, which made it hard for her to hang on. Her fingers slipped off one by one until they reached her pinky finger to which they left along and let the sweat take care of the rest. Free's pinky slowly slipped off the rock and the girls feel towards their doom, or so they think they did. The rope caught them, but by their toes.

- PLEASE DON'T LET ME FALL! - Fire still shouting and trying to hold hard.
- I can't hang on like this...my feet are too smooth to be hanging on like this..

The magic feathers, then, decided to tickled the girl's exposed soles. Fire left foot slipped off.

- AHAHA! HELP MEHEHE!
- I WISH I COULD. HAHAHA! THERE JUST TO FAST HAHAHAHA!

Free's toes slipped off instantly and Fire grabbed on to Free's soles and held on tight, despite having her soles really sweaty and slowly slipping away. The magic feathers stop and a bird came along and landed on the rope. Fire looked up.

- *gasp*...don't you dare...!

The bird plucked off Fire's pinky toe and her ring toe, leaving her hanging by two sweaty toes. Fire let one of Free's feet go to swat at the bird, but the bird plucked off Fire's index toe and leaving her slipping by her big toe. Free's right foot slipped to the tips of her toes on the tip of Fire's fingers.

- I'M SLIPPING!! - Free shouts, hopeless - DONT LET ME GO!!
- I'M TRYING THE BEST I CAN!

Free's foot then slipped off of Fire fingers and she fell down.

- FREE!!

Just then, Fire's big toe plucked off the rope, fell down to.

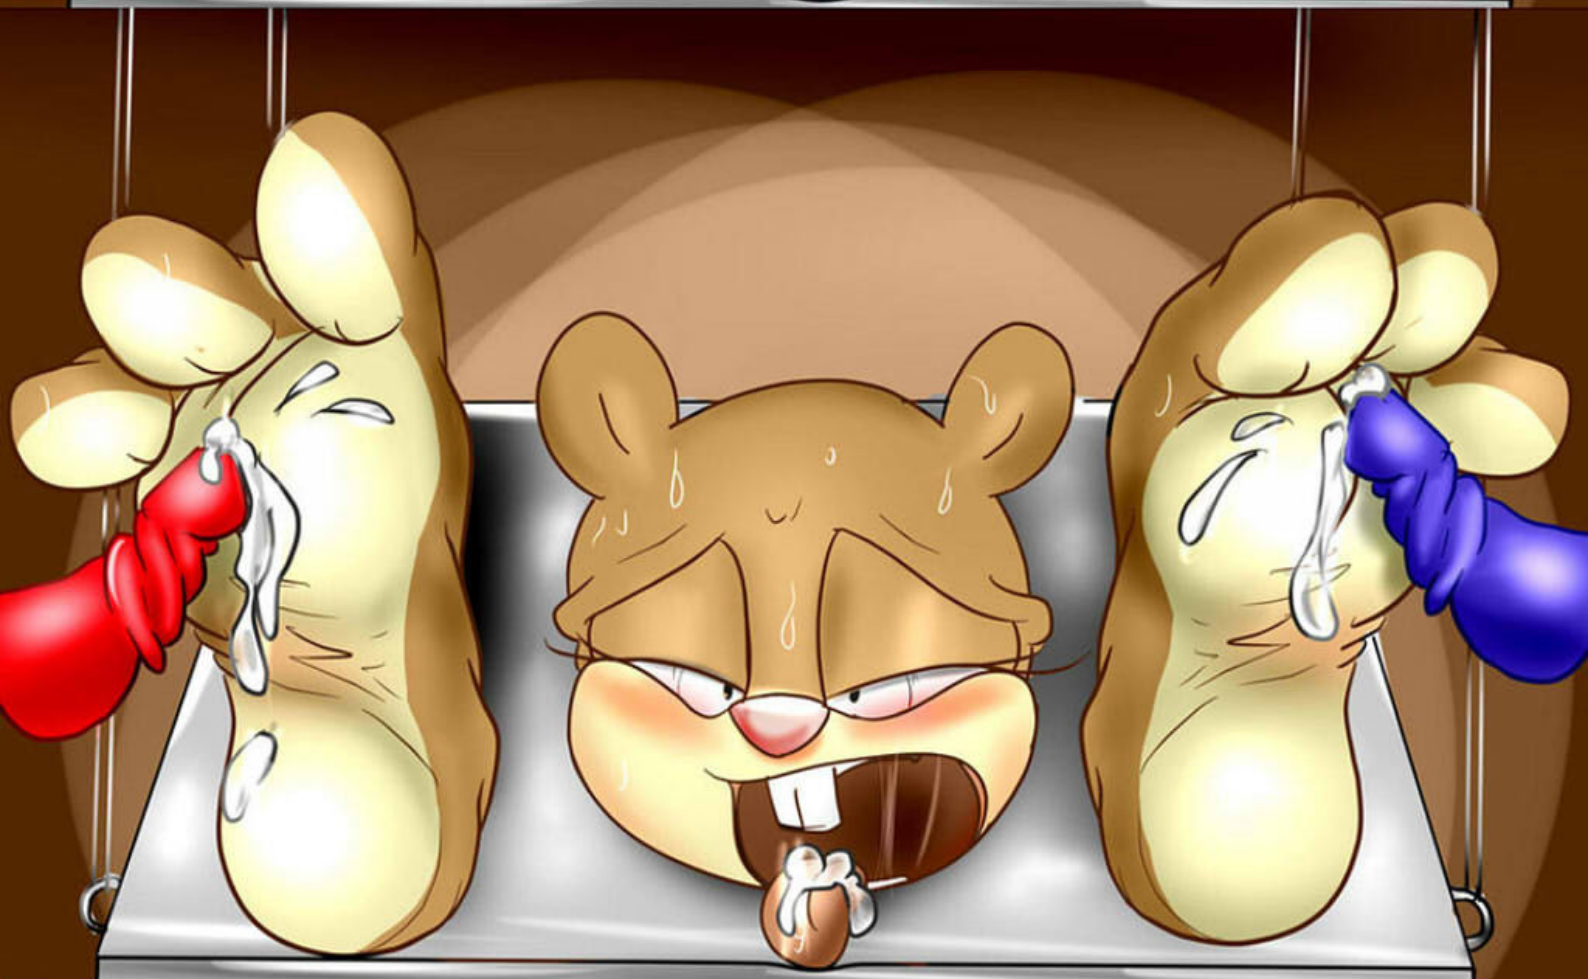

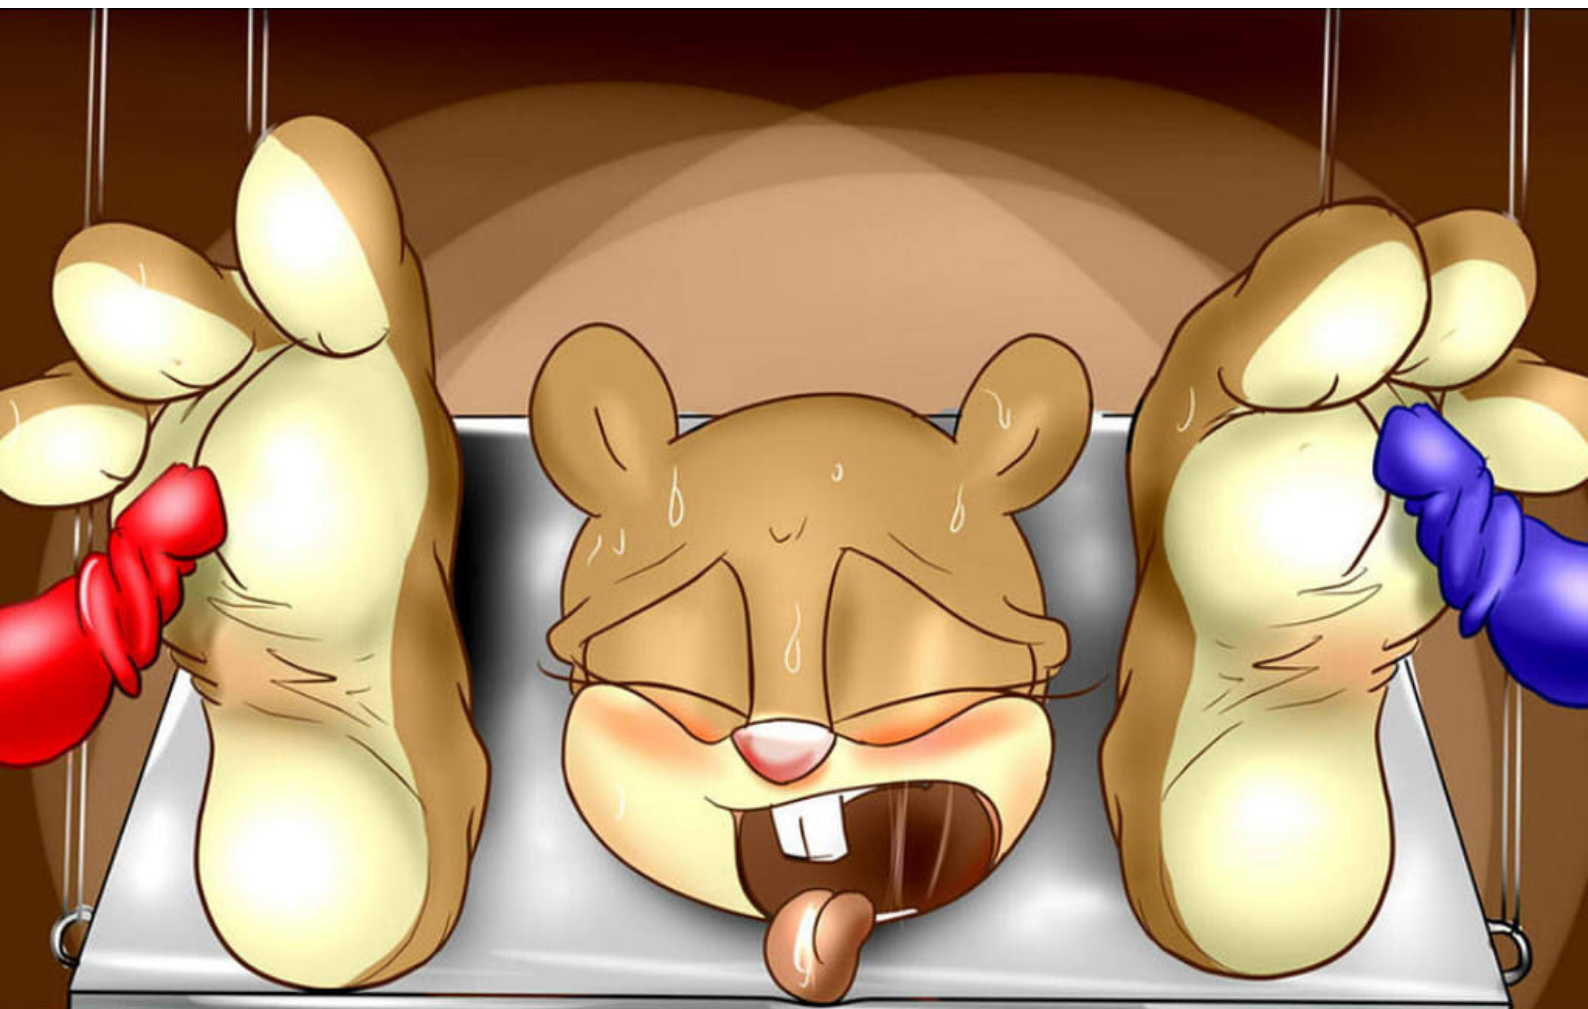

- AAAAHHHHH.....

Just then, Fire opened her eyes. Everything was just a dream. Looking up, it's Free, trying to wake her up.

- Come on lets go - Free says that, shaking Fire's head gently - you'll be late for the meeting! It's almost 7:30 AM!
- Oh yeah... I almost forgot.... 'morning, Free.
