## NOT FOR REPRODUCTION OR DISTRIBUTION WITHOUT PERMISSION WAS TRIPPY OHMYGOD, WHERE ARE WE?! WELL, THE LAB IS RIGHT THERE. AND I CAN SEE THE ROOF OF R8 PEEKING OUT OF THOSE TREES. 0 I THINK WE'RE STILL ON THE ISLAND. BACCHUS ATOLL IS HOME TO MANY THINGS, MAXI. LAVA ISN'T ONE OF THEM.

## NOT FOR REPRODUCTION OR DISTRIBUTION WITHOUT PERMISSION THE SULPHUR LEVEL IN THE LOCKED SCHRODINITE SAMPLE SUGGESTED VOLCANIC ACTIVITY AT ITS SOURCE. I THINK WHAT WE'RE SEEING IS THE ATOLL AND A LITTLE BIT OF SOMEPLACE ELSE. THE WILDLIFE, FLORA AND TOPOGRAPHY OF EACH HAS BEEN COMBINED. THAT'S WHY THE LIGHTS ARE STILL ON: THE BUILDINGS HAVEN'T BEEN PICKED UP AND DROPPED ELSEWHERE, THEY AND THE ELECTRICAL CABLES ARE ALL STILL IN THE SAME PLACE THEY'VE ALWAYS BEEN. WITHIN OUR REALITY. AND EVERYTHING FROM ANOTHER REALITY IS IN THE SAME PLACE IT HAS ALWAYS BEEN. BOTH NOW EXIST WITHIN THE SAME SPACE. THAT'S MAKING MY HEAD HURT. THE SKY IS MAKING MY HEAD HURT.
