

**DO NOT  
DISTURB**

„Damn, I love amusement parks already!“ Ava jumped from one foot to the other in excitement. The hot sun was burning down from the sky as the three friends entered the giant Tinoran funpark. „Im sure you will change your mind, once you rode the super skirran joyride“ Athreos mumbled „These suicidal little furbags must have a stomach made of steel“ Ave looked up to her friend, the hard chitin of the feron glistened in the sunlight.

„I bet you couldn't take it, because you just got promoted to be a drone and can't even fly yet Athreos!“ Ava giggled. The rather emotionless face of the feron blushed a bit as he looked down to her „That's.. not it... its just... super fast, you know...“ Ava grinned „You were just used to sit around all day and play stupid grub-games, of course its faster than that!“ -Athreos ignored the pun, as a 3 feet tall, pink skirran with cotton candy of the equal size passed by happily.

„Guysss“ Thylea hissed „You two better start without me, I need to go somewhere first...“ The liloc carefully rubbed over her belly and pointed over to the toilet-area not far from the entrance. „I will be back in a few minutes...its one of these days“- the snakegirl underlined her words with a hand gesture.

„No Problem Thylea, me and Athreos will wait for you here“ Ava smiled „-But, Ava!“ Athreos threw in „- the candies!“ „-Dont stress it Athreos! You said the inquisition wants to protect me?... you better stay with me then!“

The Hot sun was still burning down from the sky as Ava started to feel impatient. „How long does this special Liloc-stuff take?“ Athreos shrugged „Never understood these scalies, can I at least get us something to drink?“ Ava nodded „I will go and have a look, its girls business after all... wait for me here, back in a minute!“ exhausted, the feron sat down on a bench as Ava stepped into the cold air of the public toilet.

„Thy?“ Ava asked „where are you?“ She heard a loud flushing noise coming out of the cabin at the far end. „everything alright?“ Ava came closer to the door, as suddenly, it flapped wide open „Yushhh, I'm sssorry!“ Thylea stood in front of Ava, completely naked with a weird light in her reptilic eyes. „Thy... your clothes, I - I think they are still in the cabin...“ Thylea came closer, her walk was that of a predator, sneaking closer „Im Sssorry Ava...“ the liloc hissed „Sssnakes are most fertile right after their come-down.... you ssssmell so good!“ In a quick move the liloc rushed forwards, as she buried her fangs in Avas neck „Thy, Nooo!“

Ava was thrown into the cabin behind Thylea, as the liloc whiped her poisonous spit from her mouth. „hsss, I forgot how fragile humans are... im ssoo hot right now, damn, I could take you right here!“ Before taking any second thoughts, Ava slammed the cabin door and locked it, before her needy friend was able to jump at her.

„Thisss wont help you Ava!“ Thylea screamed through the closed door „I can smell you! Your body issss changing already!“ She sound of claws slipping over hard surfaces halled through the toilet room as the liloc rammed against the door. „You are ready to MATE... ready to BREED, I smell it!!“ Ava fell to her knees, a weird, numb feeling was spreading from the place Thylea had bit her neck. Her view was blurry, long strands of drool dripped onto the toilet floor from her mouth – thick, viscous and inhuman drool.

A bit tired, Ava rubbed her eyes. Her hands had taken on a weird, pale color. She sat up a bit, as the drool slipped over her chin. „Open the door!“ Thylea screamed „Gawd, your smell is just too much for me!“ Avas clothes felt like they been too tight. Suddenly, the girl became aware, that her body was growing more and more muscular. In horror, Ava noticed her skin slowly stretching over her new muscles like latex, as holes appeared revealing a scaled, grey snake skin below. „What have you done to mee Thy?!“

Ava felt wetness in her crotch... her vulva was leaking something. A huge stain grew between her legs as a thick liquid started to form long strands that dripped to the floor. Tyh had become quiet outside the cabin, except that she was breathing havily and moaning. Ava felt the human skin of her face slipping around like a cheap latex mask, as she started to rip apart her top to see what was going on beneath.

In disbelief, Ava removed more and more skin from her once human breasts. The mouth region in her face felt like it was ripping, as Ava pulled a huge piece of skin off her cleavage to reveal her new slime-covered, scaly tits. Her panties had slipped down her legs already, as more and more thick lubricant swelled out of her new scaly cunt. „What’ssss happening!?” Ava hissed Her belly started to bulge, as something heavy formed inside. Her once perfect female body seemed to grow fat or pregnant with something.

„Eggssss” Thy hissed from outside the cabin as she hit her climax „I-I’m so Sorry Ava, Athreos will kill me for that!” Ava looked at her swollen, scaled belly in a mix of disgust and pleasure. The liquid was almost squirting out her swollen reptile sex by now.

„I will get you some skirran powder dear” Thy screamed „Make sure to place your eggs in the bowls there, dont forget to whipe you dry afterwards – I will be back in a moment!” A door slammed as the final pieces of Avas old skin fell to the ground.

„What... what has that bitch done to me?“ In disbelief, Ava looked at the reptile face in the mirror – her face. Her nose had elongated and formed a snout with reptilian nostrils. A long, forked tongue was slipping out from her mouth in short intervals. „This -shh- this can't be!“ Her lips seemed to be unable to hold back the amount of saliva she was producing... like pheromones marking her to be ready for mating now. Carefully, she stroked over her pregnant belly. Something was squirming inside her, something soft and heavy. Her soaked panties still between her legs, Ava touched her chin. Scales. Cold, grey scales had grown on her face. Her crotch was leaking liquids that caused a constant noise of dripping in the room.

The front door opened again as someone came in to wash hands. Still shocked, Ava looked at her new face in the mirror. A sudden knocking on her cabin door dragged her back into here and now. „Hey!! Sit down there! I can hear you dripping and don't wanna clean up your mess later!“ A quite angry woman yelled. „Uhm... yesss, madam, sssorry madam...“ Ava tried to answer as suddenly a cramping pleasure stroke through her netheres.

Helplessly, Ava slipped down to the ground. She tried to stem against the wall, but her eggs started to take the natural way out of her body. The inside of her vagina was stretched „Gawwwd!“ Ava bit her lip, as she felt the soft bodies travelling through her pelvis. Drool and cuntjuices dripped everywhere as Ava lifted her ass and spreaded her legs. A slimy smacking halled through the cabin, as the first egg pushed out of the stretched cunt. Ava felt like she was going insane from the pleasure more and more with every inch the egg pushed through her labial lips „Fuuuuuck! Fuck Fuck Fuuuuuck!!!!“ Ava lifted her new tail as a load of thick slime escaped her snatch, moistening her cunt even more. Finally, the soft egg slipped free and landed on the floor with a soft splat.

„HEY!!“ The angry Bolgan yelled again „INTO THE FUCKING BOWL!!!“ Ava closed her eyes, she sure had very different problems than a stupid bowl right now! „Yeeessss.. HNNNG ...Ssssorry!!“ another wet egg landed on the floor „HEY, ARE YOU KIDDING ME?!“ Ava was unable to answer with her mouth full of drool but tried nonetheless „Ihhhm, Shooo ssssorry HNNNGG!“ The third and last egg slowly slipped through Avas tight birthing canal, stretching her slimy cuntlips for the last time.

„LISTEN! I WILL TAKE MY LUNCH-BREAK NOW!..... WHEN I COME BACK, YOU BETTER HAVE CLEANED UP IN HERE! The door slammed, as Ava was finally done giving birth to her eggs. Exhausted, she looked at the mess she created on the ground. Three football-sized eggs layed on the ground, covered in a thick layer of viscous slime. „Ahlright.. shh... time to clean up and wait for Thy...”
