

Somewhere up in the north...

You sure we are on the right track?

Yeah, the cathedral should be out here somewhere...

Oh, look, that blizzard finally seems to stop!

The cathedral! It looks exactly like in the book!

yeah, finally...

...I just hope we make it safe across that bridge without falling off...

RUMBLE
RUMBLE

Welcome mistress, you finally made it to our cathedral...

...we have awaited your arrival for quite some time...

Uh... Mistress?

Wow, quite an impressive building...

Yeah... especially this far outside...
I bet this took decades to build!

Please follow me

My sisters had already planned a banquet for tonight.

I'm sure you two want to refresh yourselves and rest a bit after your long journey first.

I prepared everything, so you can relax a bit.

Hm...

Don't worry about that..
These Necras are always a bit weird with their whole "cult" thing...

Ahhh, this feels good!

I really wonder why this weird amulet wanted us to come here...
There is something strange about this Necra, too

Look... the amulet!
That's weird... it's glowing!

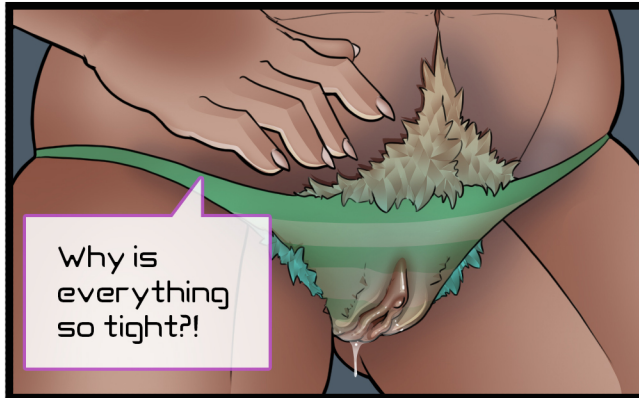

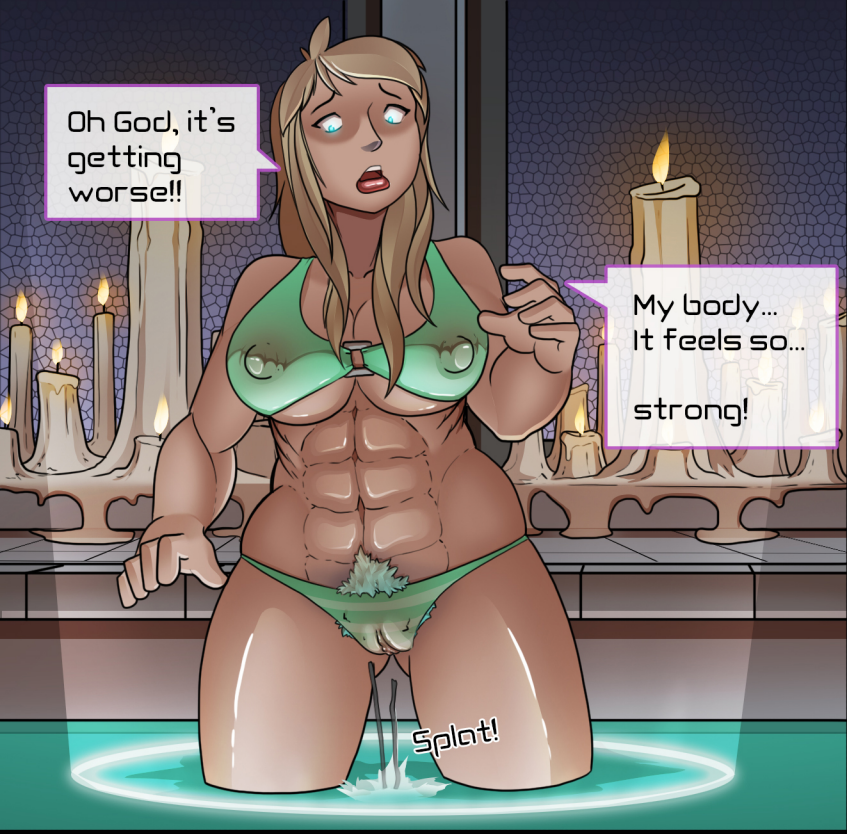

Ugh.. Fuck!

Looks like it's broken!

H-Hairs?!

Ugh...w-whats happening to me?!

What the hell!?!
This doesn't feel right!

F-Fuck!

Ugh... yees.. thats exactly what I want!

I'm so wet... My cunt feels so swollen and tight...

I'm dripping.. I can't wait...

just look at it...

Wow, thats... kinda hot...

My cunt is calling for you...

All it needs is a deep kiss...

Hhh yees.. I can feel your tongue... take a deep breath from my muff.

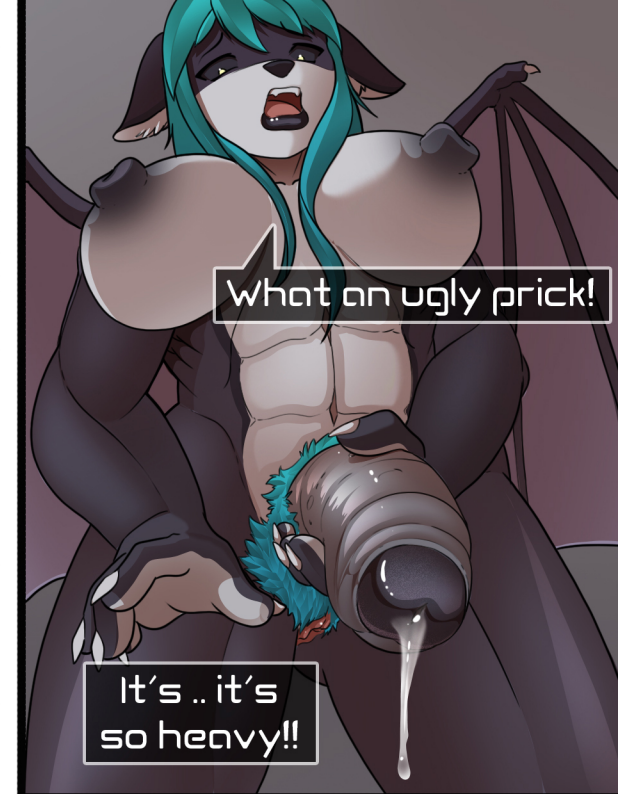

Hngg, This feels so incredible....

You really need to join me in this...

...are you in?

Yeah, this feels really hot, lets go on with this!

Hngg... I just hoped you would say that!

Time to create a more comfortable place for my big, meanty cock then!

...yeah... that looks naughty...

You cant even stop drooling, right?

Hnn!

shlrrp

pffrrt

A perfect little cocksleeve you will be...

You know what? Why stop with the facecunt?

Hnn!

pffrrt

Haha!

...you seem to enjoy it yourself!

Let's add set of tits to your crotch-face!

...Fur... a pair of Wings...

Eplorr!

My my, your new lips look really messy.

Now, THIS body really fits you perfectly!

Oh, and don't worry, this mouth-curse will only pop up in full moon nights.

-*sigh* I got carried away a little with these new powers.

this.. this.... actually, this feels pretty good!

So soft and warm...

shlrp

I wonder how it feels like with this "thing" so close to your brain...

...and also how you feel about seeing me THIS HARD in front of you now!

Does it look "appetizing"? You are drooling like crazy!

prrrt

So hard and throbbing, It would fit your cunt so perfectly...

Oh Gawd, I really want that shaft!

It's so hot!

Yeah... do it, if you really want it!

My God, you are so tight... your sucking feels gorgeous!

These noises... Im feeling like im gonna explode!

Yes!
YES!!

shlrrp
shlrrp

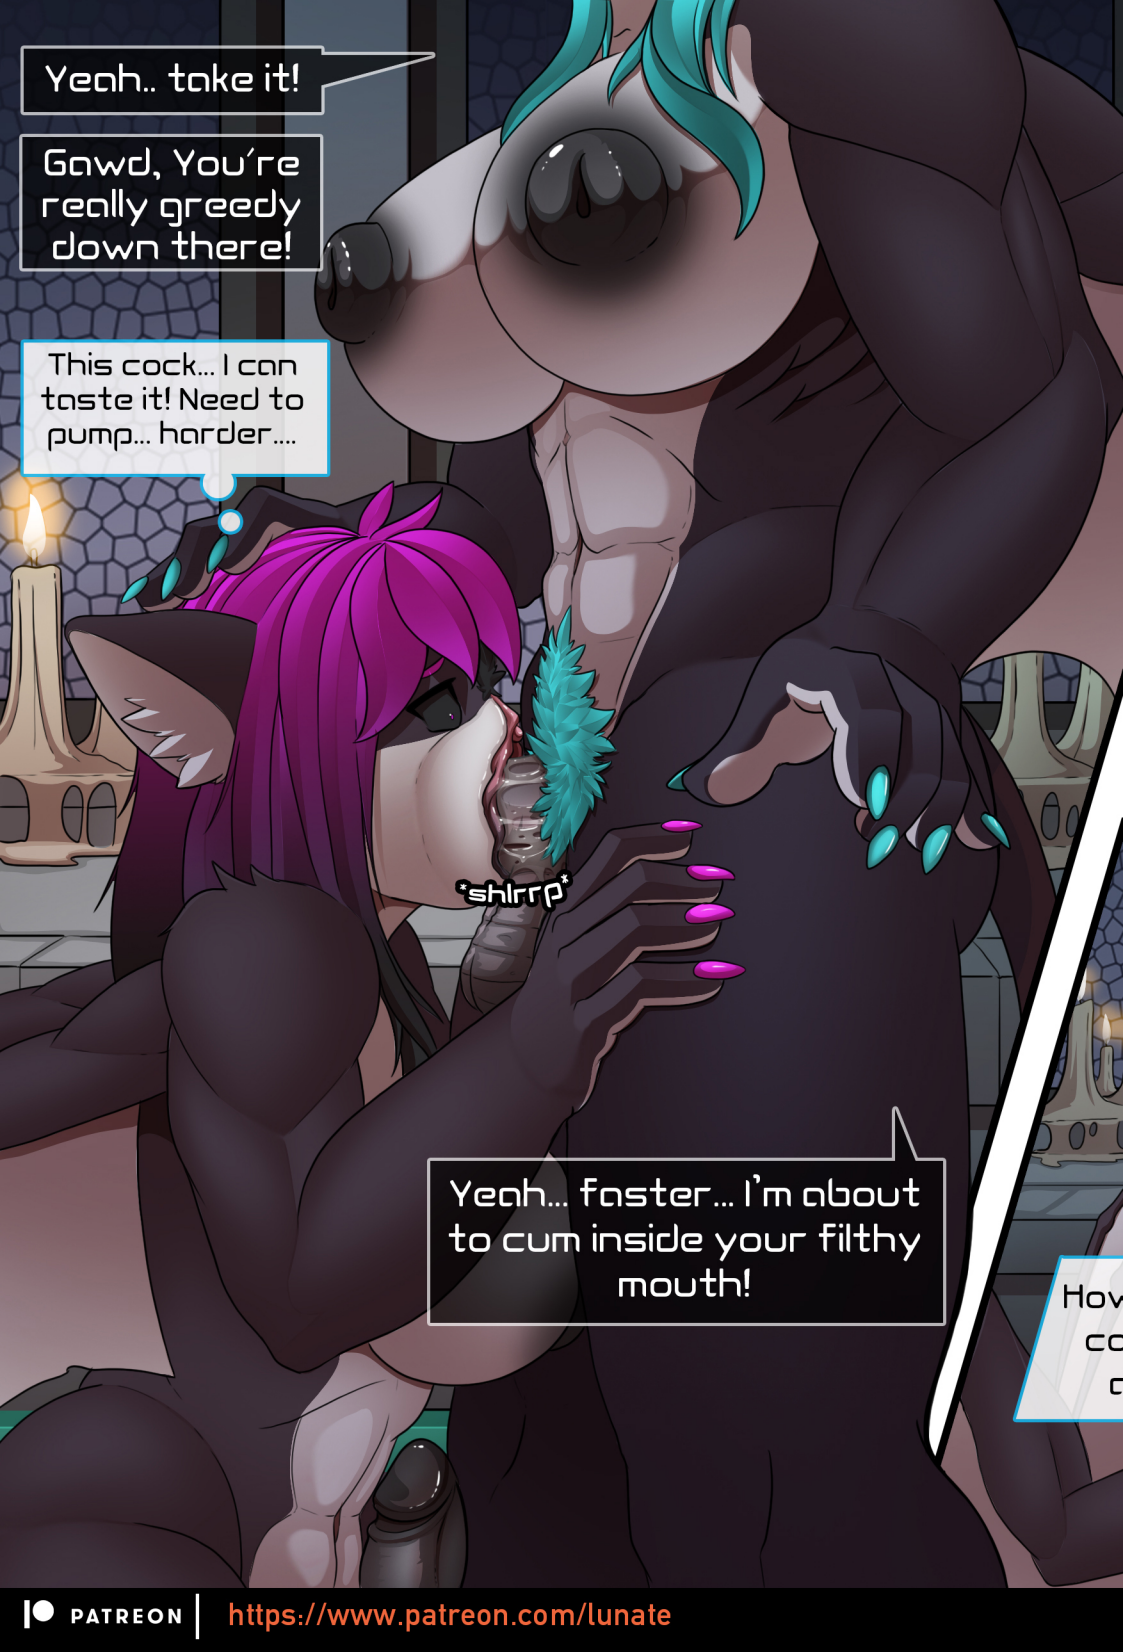

moore!

Deeper!... I want to feel your twat around my stiff, sweaty meat!

Deeper! My Gawd you feel so good!

Yeah.. take it!

Gawd, You're really greedy down there!

This cock... I can taste it! Need to pump... harder....

Yeah... faster... I'm about to cum inside your filthy mouth!

Hhh... hhh... Now... look at this mess!

pfrrrt

This taste.... it's so awesome... I can feel it running down my throat!

How can a musky cock look that appetizing?!

You look quite exhausted after our little experiment dear...

Don't worry the ritual is almost over...

Just let the gift of our union do the rest.

I feel so warm inside... so good!

in the meantime...

lets cover up that temporary lewdness of yours.

We are a couple after all... use that until the moon starts to break the spell.

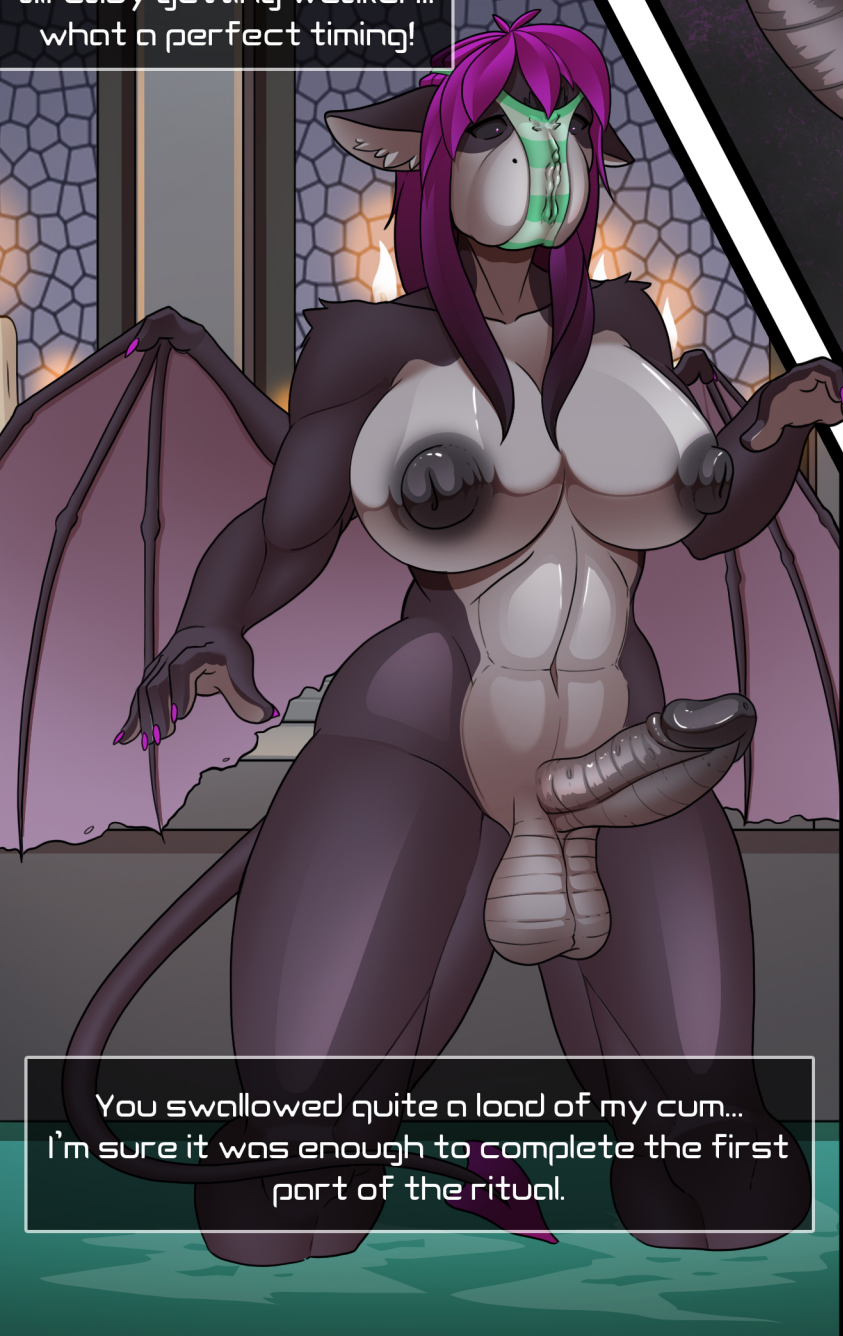

Looks like it fits well in your face!

Yess... With the weaker moon, your body will turn back to normal...

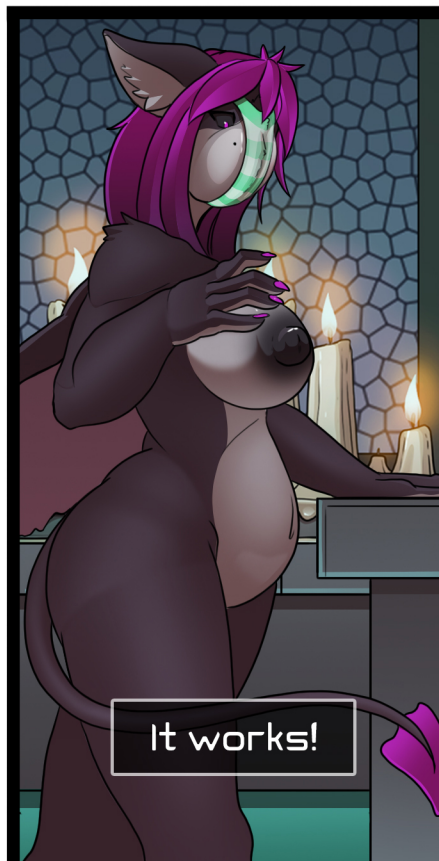

Well, normal like a regular necra of course...

... A fully female to be exact...

... looks like the moon is already getting weaker... what a perfect timing!

You swallowed quite a load of my cum... I'm sure it was enough to complete the first part of the ritual.

Your cute facial
features...

Too bad they will also
turn back to regular...

Well, only until the
next full-moon of
course!

'pfrrrt!'

F-fuck!

M-me!

Haha, what lewd first
words from your new mouth...
But yeah, a new sex always
comes with a great need, right?

...I just went through
this myself...

Alright then, lets
end this ritual!
