CHANCE JACKSON

Arriving!

Now, didja ever wonder how Lifton Tails High got its distinctive cheerleading style –
summed up with the familiar chant,

Rah rah rah! Our school spirit soars! That's 'cuz our cheerleaders don't wear drawers! Yaaayyy!!

Well, it all started several years ago, when a senior named Christine Kittycorners had an idea...

Hey, Central!
Kiss THIS!!

...To this day speculations abounds as to just *HOW* she managed to finger-paint the school letters in such an inaccessible, if eye-catching, location...

SCOUT
2000

I'll never forget the look on Bobby's face when he told me his parents were going out of town to a medical convention for a week.

"Tell your folks you're going out of town to scope out some university," he told me. "And we'll spend the week going crazy."

I melted. We'd been seeing each other a while, but it had been furtive and sporadic. This was our chance to really, as he said, 'go crazy.' And he was as good as his word. That Friday afternoon when he opened the door to me, he was already naked. And so was I before it shut.

And we fucked everywhere. He fucked me in the hallway. We fucked in the living room. We fucked on the kitchen table. In

the bathtub, the shower, the jacuzzi. In his bedroom. In the pool house. We played little tie-up games all up and down the wooded hillside out back. And finally, in the sine qua non of teenage rebellion: his parents' bed. We fucked until dawn, and he didn't even get dressed when he answered the door to the pizza delivery guy; we were that caught up in it. No doubt about it, I thought. When college was over, this was the guy I was going to marry.

Can I convey in words, just how liberating the whole experience was? No, I don't think so. But I didn't have any idea just how liberated the week would make me.

I was exhausted that first night, and I dozed. When I woke up a little while later, still in that sinful parental bed, I rolled over

to find him, but he was gone. I rose, stepped into the ensuite to pee, thinking I might find him doing the same, but no. So I padded out into the hall, softly calling his name.

Heady stuff. As I wandered his house, wearing not a stitch, I had visions of him scrambling to explain things to his parents, arriving home unexpectedly early, only to have his naked, fur-sodden girlfriend emerge. I giggled with a little thrill at the idea. But no, he was nowhere to be seen. I scratched my head, and then looking at my own messy coat, wondered if maybe he hadn't gone off to clean himself with a morning dip in the pool. So I padded off down the hall to the pool house. As I moved along with silent steps I could hear the gentle lapping of the water against the smooth concrete in the glass-enclosure. But there were other sounds.

Giggings, and moanings. It was Bobby, alright. And someone else.

I pressed against the wall, and slid along, listening. Finally I stood just outside the pool enclosure. Even though I couldn't see what was going on, I could hear it. I could smell it. He was fucking someone. And it wasn't me. Mingled with the pantings and groanings I could actually hear the sound of his cock squishing in and out of - Mitzi! Mitzi Seedcracker; I recognized the voice. A fluffy, mousy little bubblehead a couple grades our junior, that even Bobby had rebuffed a half a dozen times. Apparently he'd stopped resisting.

She giggled something to him that was soft and murring, that I didn't catch. But I heard his reply strongly enough. He said, "Mitzi, will you calm down? I fucked Jessie so hard, she's not gonna wake up till Tuesday! And besides, even if she does wake up to take a leak or something, she's not gonna look in the pool house..."

I could tell by the voices they were facing the glass, the sun, the morning. So carefully I peered around the very lip of the wall, and there it was, laid out plain. Bobby, pistoning his tigercock in and out of Mitzi, the way he'd been pumping it in and out of me not an hour before.

I nearly spoke, but said nothing. I stood there, watching, unobserved. My heart was breaking, yes. But there was something else. Watching him fucking Mitzi, even though it should have been me, was getting me wet. Weird, conflicting emotions crashed and then slid past each other like slippery lovers inside me till I had an answer.

I slipped back behind the wall, teary-eyed, but warm. Alright, I thought. If that's how it's going to be, that's how it's going to be. With the sounds of deep carnal pleasure behind me in my ears, I slipped off silently back down the hall, to Bobby's father's study, where I placed a phone call...

Elyse is the kind of girl who'll stand for anything — particularly if it helps a guy come from behind.

We got him laid.

Meet 17-year-old Robert Glendenning O'Fitzsnarl III - "Bobby" to his friends. Bass guitar player in a garage band. Gallorgate Growlers pitcher. Straight "C" student. And, he'll be the last to admit, a bit of a jerk. Before his neglectful, career-oriented parents decided to assuage their guilt and buy off their son by appealing to his materialism, Bobby couldn't get a date to save his striped ass. But since he became the proud owner of the '57 Overlander ROADROCKET X-09, he's had trouble keeping his pants on. Not that he's tried much. And who can blame him? With the ROADROCKET, you can accelerate from zero to sixty faster than a teenager can make dumb decisions. And with a backseat that turns into a roll-out 6'x7' bed, drive-in movies, country roads, and shopping center parking lots will never be the same again. This is the first, and only, car of 17-year-olds, for 17-year-olds, by 17-year-olds. Be one of them.

COME "INTRODUCE" YOURSELF...

...to the splendors of
FREEDOM'S RUN

Have you ever sunned your fur on a tropical beach? Slept in the arms of a rainforest tree with the soft, warm showers of dawn your only alarm clock; a breakfast mango at arm's reach? Made a new friend without the strains and pretensions of your city world to hold you back? All this and a lot more is waiting for you at Water Wings.

Family-owned and operated, Water Wings is a secluded escape from your everyday world on Freedom's Run, an island in the Happenstance Archipelago. Small enough that it's never crowded, remote enough to ensure tranquility, Water Wings is nevertheless full-featured enough to meet all your needs, and it's a short half-hour trip by launch to the town of Fairport, should your feet miss the searing kiss of summer pavement. But we can't imagine why they should!

Come and be the guest of Sylvia Slipsunder and her family. Stay for a week, a cabin for you or your family for a mere \$399, all-inclusive. Stay the whole winter for \$1249. You'll have the run of the island, a place at the table, and the sort of companionship that will make you want to stay forever. And if not, then at least to come back and feel the warmth, all over again.

Come, introduce yourself to our passion. It's called Water Wings.

24 hours a day.

WOULD YOU TRUST THIS MAN WITH A COMMISSION?

DOUG WINGER, POPULARLY KNOWN AS JUSTDOUG,
MAY OR MAY NOT BE ACCEPTING COMMISSIONS.
BEING THAT FURRY STUFF IS GENERALLY DONE FOR
FUN, THE THOUGHT OF MONEY... WELL, IT'S NICE.

HOWEVER, IT'S USUALLY HARD WORK, AS HE
BELIEVES IN THE OLD-FASHIONED 'VALUE FOR
MONEY' PRECEPT LAID DOWN BY OUR DISTANT
ANCESTORS, WHICH TURNS IT INTO WORK.

STILL, HE MIGHT BE CAJOLED OR BRIBED WITH
IDEAS (OR MONEY; HE'S NOT A FOOL), BUT FACE IT-
WOULD YOU TRUST YOUR DREAMS TO A MAN THAT
NOT ONLY TENDS TO GIGGLE WHILE CRANKING OUT
BAD ART, BUT HAS A DISCONCERTING HABIT OF
