Autism post v4b:

Cooties Edition

Below you'll find a bunch of artists using the same prompt to maybe help come up with ideas

It was originally all dudes, but because I took a lot of these artists from catboxes in the main thread I thought I should give back.

Christmas spirit or something.

There are 502 artists, they're mostly male centric artists as you'll see, but some aren't. They are also relatively neutrally prompted images, you can force most (but not all) of these artists to drastically different results if you prompt things like "kemono", "realistic", "female", "young", etc. Maybe you'll get better results on some by negative prompting "male" and "muscular" too, I dunno, have fun with it.

I've added the artists provided by the anon who did the 4 artist combo resource which you should definitely also check out. It's all males too but I believe it's more useful than this.

If you want to check out the male version you can find it here:

Thanks for posting so many catboxes.

None of this would have been possible without everyone sharing and helping each other so much.
