

Morning Worship

Wake up, slave. It's morning! And what's the first thing you do in the morning? Okay... AFTER that... Yes, you have BREAKFAST. But if you're My live-in slave, you have breakfast a very SPECIAL way — licking every mouthful out of Dominica's warm, dripping pussy! You just crave to worship My pussy... 24 hours a day... 7 days a week. With your mouth... with your hands... with your hot, throbbing cock... I know you can't help it, babi... I made you this way. Some women would find their clitties getting sore... and chafed... from all that tongue action... all those circling fingers... all those long, thrusting shafts of hot flesh! But you know... I am Special. I am a Goddess. Yes, you know this. And I want it, babi. I want it ALL the time! And only the most obedient live-in can give it to Me... when I want it... HOW I want it... Your deepest desire is to please Dominica. And your greatest reward is to please Dominica. It's okay, babi... I'm going to make sure you know how... you're not going to be able to think of anything else... I am going to restructure your mind, slave boi... so your entire focus is on Me... as it SHOULD be! You're going to feed Me... before I feed you... Before I let you EAT. Oh yes, babi... you ARE going to Eat. And you ARE going to Obey Dominica! I just LOVE how wet and shiny your face gets, when you are covered with My creamy pussy juices!
