

# Tricked Into Tits

LUNCHBOX SPECIAL On your knees, boy! It's time for a change. Dominica's not going to let you be a boy anymore. No... you have to be a girl. You don't have a choice. Look up into My flashing green eyes. See the powerful energy beams radiating from My eyes... dazzling your mind... reaching down into your mind... down into your body... Transforming you... Re-shaping you... Expanding those perky, little titties into round, soft globes... Even altering you on the INSIDE... Creating your ovaries... creating that hot, hungry little pussy... And then you're going to please Daddy! That's right, Dominica is going to become your Daddy... and I'm going to thrust My big, black strap-on into every one of your holes... pushing you closer... and closer... right to that edge... where if you cross over, you're never going to be able to go back... you're going to be addicted to being Dominica's little girl forever! Are you going to do it? Are you going to obey, and be My good girl? Or will Daddy have to spank you? Mmmmmm... I love it when you try to resist! Go ahead... try!
