

# Woof! Part 1

Come here, My little puppy! You LIKE being MzDominica's puppy slave, don't you? Yes, and I'm going to make that feeling just a little bit stronger. Mmmm... maybe a LOT stronger.

And with that feeling comes a change. Your face grows longer... your legs get shorter... and a world of smells delights your keen and sensitive nose. Roll over, little puppy... and let Mistress give you a nice tummy rub! Oh yes, it feels SO good to feel My fingernails curling into your fur, relaxing you deeper and deeper into mindless canine bliss! Yes, I am truly going to transform you into My little doggy. And not just physically, oh no! You will find yourself THINKING like a dog, as well. And when it's done... Oh, but will it EVER be done? Or will you be turned into My little dog, FOREVER? Don't worry, doggy. Being MzDominica's puppy comes with some special... privileges. This mp3 is red hot! Do you think you can handle it?
