

69 INSIDEOUT

LUNCHBOX FOR BOYS AND GIRLS ALIKE Yes, My horny little slut. Whether you are a boy or a girl... if you love girls, you LOVE this special number... 69... Those curvy, little digits get your mouth watering... they get your hips pumping... they make your sex begin to **THROB**. Sixty-nine... 69... Sliding your hot tongue down between My legs... into My dripping, wet pussy... while My mouth glides up and down over your sex... That's right, pull My legs up and wrap your arms around My ass, while your mouth nibbles at My hard, round clit... Feel My tongue making hot, little circles around and around... and grind your sex against My face... trying to get Me to touch your most sensitive spot... And all the while, I'm fucking with your mind... I'm programming you... conditioning your responses.. Yes, Dominica's going to do a number on you... and it's going to be 69... a little mind-fuck... turning you upside-down... and inside-out... doing to your brain what I'm doing to your body... until you don't know whether you are coming or going... or going to cum!
