

## Bella Donna's Adventure 2

Ahhh we meet again My sex toy only this time we meet on a trip to a tropical island. You find you can't resist Me as I whisk you away to a private villa on a white sandy beach. I offer you wine out of a sparkling shiny crystal wine glass as you stare into My big entrancing jade green mesmerizing eyes and feel the heat radiating off Me warm dark skin, showcasing Me long blond beautiful hair. The night air is filled with the sound of island drums until your head is filled now with nothing but their sound and My voice pounding into your head. My face gets closer and closer to yours, so close you can smell My sweet breath and you find yourself drowning in the liquid pools of My hypnotically charged eyes. My glossy red lips are so inviting and I now become your whole world. Suddenly, you realize that I has hypnotized you and that you cannot resist the pull of My suggestion to follow Me as I takes you by the hand and lead you away. You can feel cock growing so hard, so completely helpless before My sexy presence. I take you in My mouth and you must do the same you must SUCK My body everywhere I desire, sexual delights one after another until I end up on your lap, fucking your hard cock, My swollen breasts smothering your face until we both have shattering orgasms followed by a warm seductive shower, murmuring in each others arms, secure in the knowledge that it will never be that good for you ever again.... Until the next time Bella takes you. \*\* NOTE this is hypnotic sexual topping and while it does contain some small aspects of power play this would not be considered BDSM or slavery, I just feel like hypnotizing you and fucking your brains out 😊~ This MP3 also contains background soundtracks for the ultimate in sexual hypnotic ambiance\*\*
