

## Blank Jessica 4: S&M Party

Have you liked the Blank Jessica series so far? Because, My little slaves, this one is the hottest yet. Maybe too hot for you to handle.

It's party time. But you will have to be properly tranced, because you will be plunged into a virtual reality experience, attending a hard core S&M party. It starts out mild, with you locked in a cage, being touched, caressed, and stimulated by all the nice slaves at the party. But then....

Ooooooh, but that would spoil the surprise. Just be prepared for an extreme, but realistic, virtual reality S&M experience, one that you might never be able to have, except through hypnotic trance.

Warning: even though there will be no physical injury, good hypnotic subjects WILL feel every crack of the whip. If you do not want to go through the most intense S&M session of your life, then do not buy this MP3!
