

Blank Jessica 6: MzDominica's Plaything

Encased in tight, black rubber! Long rubber tubes hanging from your pussy, your ass... Even the air you breathe comes through a thin rubber tube. your face is hidden, anonymous... only your eyes are visible through the goggles of the tight, black rubber gas mask! And those eyes roll back into your head as I open the valves, and the gallon of warm soapy water gushes into your ass and your pussy! Filling you up so full! Wssshhhhh! Wssshhhh! I can hear you breathing through the long rubber tube. What happens when I pinch off your air supply? What happens when I pull the nozzle out of your dripping pussy, and thrust My thick pink strap-on DEEP inside? Will I let you cum? While the stars begin sparkling in your oxygen-starved brain... while I squeeessss your belly with My own two hands, and FORCE you to empty yourself out... only to fill you up again!

you are My feminized, obedient little slave girly-boy... and I am going to put you through your paces, you filthy slut! Penetrated... led on a leash... humiliated... BRAINWASHED. And you will enjoy it every bit as much as I do.

Because you have no choice. you dirty little beast.
