

# Breast Obsessed

Large or small... firm or floppy... Breasts come in so many shapes, sizes... even colors. I know... when you look at magazines... when you get on the Internet and start surfing around for pictures... you feel like you're in a candy store, don't you? Perky little tits... Big, round boobs... Firm hooters packed with silicone... Or soft mammaries, natural and so squeezable... so suckable... Your mouth begins to water. You can taste those big, juicy nipples between your lips... feel those fleshy mounds in your hands... and smell the scent of their subtle perfume... You look at the pictures of Me on My site... and your eyes are instantly pulled like magnets... to Dominica's breasts... Dominica's hard nipples pushing out through My tight black bustier... the warm, deep, dark valley of Dominica's cleavage. My crystal dangles between My breasts... pulling you down... Down into the warm darkness. Down here with Me. Yes, My horny little slave... Dominica knows... you have a fetish for BREASTS. And of course YOU know what's going to happen... as I take hold of the chain around My neck... and begin to spin that crystal around... glittering... flashing sparkles of colored light into your eyes... I'm going to use your obsession to enslave you... even more deeply than ever before. It's so easy... because your mind is so weak... your lust is so strong... and My hypnotic power is completely irresistible. Just reading this paragraph, you are already programmed to think of Me, MzDominica, EVERY time you see or touch a woman's breasts. Just imagine how powerful My control will be... when you have listened to My mp3 even once... and I have destroyed all your resistance, making you My little breast slave forever! There is very light sound effects used in a few places. This was such a strong commanding trance I wanted you to hear My natural voice taking you deeeeeep down and training you to be OBSESSED with BREASTS!
