

Captured Tongue LUNCHBOX

CAPTURED TONGUE MMMM Your tongue is soft... warm... wet... And it needs something to lick. Oh yes, your hot tongue needs to be always busy. Pleasing your Mistress. Curling up the soft, warm cleft of My pussy. So smooth... Yes, I keep Myself completely smooth and hairless down there. So I can feel every tiny lick of your tongue... Every tiny caress of your soft lips... on My lips... Hee-hee-hee! Oh yes! Just close your eyes and let your mouth glide over your Mistress Dominica's pussy. Every day. Right at lunch time. Yes, I capture your tongue at noon, every day, and do not release you until I am completely satisfied. But don't worry, little tongue slave — I won't leave you hungry! Well... not TOO hungry, anyway!
