

Denied and Wet

Orgasm denial... Masturbation denial... More and more, you find yourself being drawn in... pulled in... to My Hypnotic Chastity... Addicted to having your sex controlled by a fascinating and dominating woman. Controlled by Dominica. It's like a drug, isn't it My slave? You feel the arousal singing in your veins... throbbing in your cock... The pressure builds... and builds... And your desire for a woman's smooth, soft body grows stronger and stronger with every day... with every hour. You crave the touch of a woman's skin... the smell of her perfume... The touch of MY skin... the aroma of MY hypnotic scent... And your arousal grows even stronger... the fascination grows even deeper... You never want it to stop! But the ache... the pressure... It hurts, doesn't it? Hurts! You CRAVE for Me to grant you some tiny relief! You beg Me, so sweetly! Awwwww... poor babi! I love when you beg. I love it a LOT! Of course I shall permit you SOME tiny comfort! Mistress is strict... but Mistress is merciful! But you must do it MY way. You must do it Dominica's way! I'm going to train you to release the pressure, EVERY time you are aroused by a woman! I'll give you the relief you need... but not the relief you seek! And it's going to be so simple! So very simple. I'm going to train you to pee... just a little... just a little... to take the sharp edge off that pulsing ache between your legs! Yes... just a little... just a tiny squirt! It's going to feel SO good! That little drop of warm wetness, trickling down your thigh... soaking into your pants... Every time you look at a firm, perky nipple... at long legs encased in smooth, silky hose! But to do this, I'm going to have to take you back... back to how you were potty trained as a child. I'm not going to UNDO your training... just ALTER it a little bit. This is the perfect mp3 to listen to, while you flip through your favorite porno magazine. Oh yes, I know you do it. I know you look! I WANT you to look! Because it's going to feel SO good, every time your gaze trails slowly up between a woman's shapely, sexy legs! SO good... when you do it Dominica's way!
