

Hypnotic Hormones 1

My sweet little femme. you've been wondering if taking hormones is such a good idea. You ACHE to make the transformation, and become a real woman. But somehow, it's a little scary, ysn't it? We often feel like that about changes, even GOOD ones. Well this mp3 is going to relax you, honey. I'm going to make you feel comfortable about taking hormones... even compulsive about it. And you're going to SEE the physical changes. Even just listening to this mp3 is going to alter your body, and make you feel so GOOD about changing into a woman, you may start having some hot fantasies about your doctor. Especially when your doctor is Me, MzDominica.

If you've never been hypnotized before, don't worry babi... it's not necessary for this trance. But if you are already one of My devoted slaves, you are going to go down, down, down for a really HOT time!
