

# Jessica 1

Jessssssiiicaaaa! Yes, you have heard My Voice calling you, My pretty little one. This is the place to start, babi... This is the place to begin your transformation... becoming My sweet and obedient little femme slut... Changing you... into the beautiful woman you were MEANT to be! Sink down with Dominica... Sink down, into My deep, bubbling hot tub... Let Me pull you down here with Me, Jessica... down into My arms, where I can caress your skin... gently squeeze your growing breasts... and slide My long fingers up between your legs... into your soft, wet pussy. Listen to My Voice... and feel yourself surrounded by My Words... as they slide themselves down over your body... like bright, shimmering rings of hypnotic energy... Encasing you... capturing you... pumping My sexual power into you, girl... Yes, you ARE My girl... just like you've always wanted... like you've always dreamed... The bubbles surround you... engulf you... caress your body... and empty your mind... Empty your mind... so I can fill your mind... with My thoughts... My commands... My sweet sugar! Oh yes, Jessica, you are going to love becoming a female. First, in your mind... and soon... so very soon... in your body!
