

Jessica Hooker Fashion Doll

Jesssssiicaaaaa! My mindless little bimbo. My slutty little toy. Oh yes, you ARE My toy. And I'm going to transform you yet again, into even MORE of a plaything! You love being My sexy prisoner... all locked up... unable to move... while Dominica molests your captive body... and plays with your helpless mind... I have a different prison for you, girl. Not in a cage, but with a new transformation. I'm going to change your body into hard, flesh-colored plastic... and shrink you down to the size of a doll. A little, empty-headed fashion doll, that I can dress up the way you SHOULD be... as a little WHORE... all in bright, bubble-gum pink! And every time I use a special trigger, you're going to become My little hooker doll! Instantly... helplessly... I'm going to stand you on the street corner, in front of My little doll house, you little slut... so you can work that corner for your Mistress! Oh look! Here comes a toy car, made of bright pink plastic, with My other fashion doll... and her boyfriend! I think they want to pay you for a little party, Jessica! Don't worry that you cannot move, girl... Dominica will pick you up... bend your arms and legs in just the right ways FOR you... and then sandwich you between Barbie and Ken, cumming together in a frozen, plastic three-way!
