

Lesbian Vampire

Oh yeah, babi! There's nothing hotter than two women going at each other... especially when one of them is a VAMPIRE! And My needle-sharp teeth are going to sink into your neck... and your breasts... and your thighs... and that hot, pounding, pulsing place in-between! And I am going to DRAIN... YOU... DRY! Well... ALMOST dry! Because I want you ready for Me again tomorrow night... and the night after... and the night after that! So you're going to find yourself hanging by a thread as the warm, yellow sun rises in the morning... Still clinging to life, and your pussy so wet and dripping, trying to remember why the mental image of glowing GREEN eyes arouses you so much... and why the quiet New England beach house, that you rented for your vacation, pulls you toward it like a magnet all day long... as you walk along the shoreline, looking for shells... listening to the wind... Is that My Voice? Calling you to return... calling you back inside, as the sun drops down toward the horizon, growing huge and red... and you find yourself fingering your nipples, caressing your own thighs... and tugging at the little scarf around your neck... The soft, satin scarf that hides the little bite marks that excite you ALMOST as much as My Voice. Look into the mirror, when you untie that scarf... and touch the pair of red-purple holes. Caress them gently... lovingly... trying to remember how you got them... and why your pussy is so wet again... MzDominica's little vampire victim! Tonight, I'm going to take you AGAIN!
