

Ms Satina 2

Hypnotic trance on mp3. Satina needs to be made more powerful within you. More addicted to satin and hose. More in charge of the body that used to be his... and is now yours! You make the decisions now... not him... He's lost in a sexual frenzy... brainwashed every day, every night... forced to watch you to pull on the shiny, sexy hose... the pretty satin camisoles... step into the shiny stiletto heels... becoming the woman you always wanted to be... the one who was always inside. I draw her outside. And as for him... you put him away... lock him away... Obedient... Brainwashed... Quiet. He doesn't control this body anymore. He doesn't have any choice. Because he obeys you... And you obey ME. Satina is Dominica's helplessly aroused satin slave! And I install more and more triggers in you... addicting you to satin... addicting you to cigarette holders... addicting you to sex... addicting you to My name. Yes, the name Dominica becomes your most powerful aphrodisiac! And you can't help but spread your legs, opening yourself wide to My probing fingers... My warm tongue... My long, thick toys... I tease you into level after level of sexual frenzy... Placing you in a bar with your long, sexy legs tightly crossed... the sheen of your hose drawing every eye up your shapely calves, up to your thighs... while you slip the end of a long, black cigarette holder between your lips... You take a long drag... exhale the smoke slowly... languidly... And your gaze dares them to do what you REALLY want, you dirty little slut! To slide their hands up your smooth thighs... spread your legs... and find themselves caught in the smoldering gaze of your superior feminine eyes. The same eyes that spread wide and blank when Dominica approaches you... caught in MY gaze... spreading your legs for ME, you little slut. I'm going to train you to give EVERYTHING to Me... turning you into My sexual plaything... My little whore... your shiny, satin panties soaked with your pussy juices and your body quivering with mind-shattering ORGASMIC bliss. You want to find out what it means to be Orgasmic... because I'm going to condition your reactive baseline... I'm going to force you into such intense sexual pleasure that you will never again be able to exist without constant, intense, brainwashing sex! You will NEVER be able to escape Dominica. You will never WANT to! To experience the FULL effect of this trance, you MUST listen to "Satina 1" first!
