

# Ms Satina 4

MzD MP3 NONE

How many ways can I addict you, girl? To My Voice... to the smooth, slippery, slick feel of satin on your body? How about if I wrap you in black satin? Completely encased! Wrapped like a mummy... And then I shrink you down... smaller... and smaller... My tiny, satin-covered slave girl. You look so cute... dangling from a thread... held immobile in tight, satin bondage! Mmmm... what shall Mistress do with you, Satina? How shall I complete your transformation to the beautiful woman you were always destined to become? Shall I hang you up in your little cocoon, to see if you turn into a midnight-black satin butterfly? Or is there a better place... smooth as satin... dark and warm... What if I slip you into My wet, dripping pussy? Yes, push you deep inside... where My juices will change you... The two of us will become one... You will merge with Dominica, and feel the tight, slippery black satin on MY body! Feeling what I feel... touching what I touch... as I pleasure Myself with one of My slave boys! There are no more barriers, slutty girl... My black satin will make you part of Me forever!
