

# Ms Satina 5 Fire N Ice

Yes, My little Satina. You love for Me to play with you. You love EVERYTHING your Mistress Dominica does with you. Don't you? You dirty little slut. Yes, you already find yourself spreading your legs apart, helpless to resist Me, wondering what I will slide up into your wet pussy next. But instead, you feel a cold sting, almost painful... a slippery wetness... that trails up from your thigh, over your belly, and around your hardening nipple. It feels like ice. Cold. Freezing cold. Wet and dripping. Mmmm... It IS ice! And I'm going to get you so cold. Cold... and wet... and horny... and shivering... Shivering with lust! And as you lie on that bed, tied up and unable to resist, you will begin to wonder... just what will Mistress do... to warm you up again?
