

My Secret Garden – Lesbian Encounter

During My two-year-long transformation I have discovered some very interesting things about the new and improved Me. One of those things is a desire to slowly, passionately make love with and Dominate other females. I never before did sessions with or released a recording for genetic females. I always declined the offers because I decided long ago to stay true to Myself and do only those things which I really truly enjoy. No matter how attractive the offer or subject was, I always declined the numerous opportunities to share My passion and power with you My delicate creature. Mostly because hypnosis under My subliminal touch is a very sexual, sensual, intimate affair I found Myself unable to partake in the past. My tastes have grown and changed almost as much as My body has over the last few years. Now I find the experience of seducing the same sex a delicious ecstasy I can no longer deny you or Myself. Cum My sweet, step into My Secret Garden and feel yourself enveloped in My mesmerizing voice, entrancing touch, and intoxicating passion for your body and mind, yes cum to Me now...

This recording is for lesbians, genetic bisexual ladies, and My sexy femme sluts too! This erotic recording is ALL GIRL, My darling. And I want you to listen to it a SPECIAL way... I want you to listen both while you are awake, and on loop while you SLEEP. you see My dear while you sleep, your brain and body go through little CYCLES. During DEEP sleep it's almost like you are in a COMA, and nothing from the outside gets into your BLANK empty mind. Then during REM sleep, you are DREAMING... Everything you experience comes from deep INSIDE you, because your brain is working out all the problems from the past and present in its own symbolic way. Thus there is no ROOM for anything from the outside in your busy little mind. But IN BETWEEN those cycles My precious flower... ohhhhhh, in between! There are those few moments when EVERYTHING you hear is accepted and filed away in your subconscious mind as the complete TRUTH, almost like a somnambulist experiences in trance. It only works however, if your sleep is uninterrupted, for when you awaken the spell is broken. Oh, the sound of the heater running or the air conditioner blowing won't matter. But a car horn or a dog barking outside can break the mesmerizing spell all too easily. So now go and find someplace quiet and relaxing to listen... and SLEEP. Play it over and over and over again. You're going to become My horny Lesbian lover, just you and Me far away from the madding crowd, in My secret garden where absolutely EVERYTHING we do is private, passionate, and perfectly persuasive! You shall kiss My rose and I shall kiss yours tonight, over and over and ooooover again My sensual flower!

This recording is just under 25 minutes long and contains some light echoing effects. While I usually use heavy hypnotic effects in My delicious recordings this one was kept mostly unaffected by anything artificial. I want you to feel the sensation of being truly close and intimate with Me... Here in My captivating Secret Garden...
