

# MzD's The Mummy

There's nothing like a good, thrilling horror story. And yet, you may find this story more fascinating, more seductive than horrible. You meet Me at a Halloween costume party... where I take charge of your reality. It's about seduction... it's about power... It's about making you My slave... forever! Many parts of this piece have subliminal work on them very intense and changing, still I left about 1/3 of it straight VOICE I want you to feel Me DOWN to your very core My pet. So sultry and seductive The layers of tight gauze begin on My sexy voluptuous body but they end up on yours My masculine little boy slave. Tight and captured you will find flight is not possible anymore. In fact it never was you now realize as you gaze DEEEEEPLY into My beautiful face adorned with a brilliant shiny crystal on My forehead. Deeper and deeper you will fall under My steady hypnotic gaze... Come to Me My pet and find Ecstasy FOREVER. That's how long I want you for now FOREVER. Give up every will, need, and desire you ever experienced and trade them for the glowing power which emanates from My body and mind. Sucking you so completely empty of anything not Me I will now own all of you My transfixed and zombified follower.
