

Nanny Dominica 2

Look up from your crib, little baby... and gaze at My gently spinning mobile... It's so relaxing to watch the pretty animals go around and around and around... and listen to the music box play a soothing lullaby... while Mommy's sweet Voice caresses your empty baby mind... and sends you into a deep, happy sleep! Feel Me tug the soft, warm baby blankets up to your chin... and tuck you in for your afternoon nap. Drifting and sleepy... until it's time to wake up, baby. Time to fill your hungry little tummy with Dominica's warm, special milk. Mmmm... you're going to find yourself craving all kinds of baby things... bottles... pacifiers... cute, little rattles... and especially your delicious, little thumb... planted firmly in your mouth... so you can suck! Oh, it feels so good to suck! Oh baby, you look so cute... with your thumb in your mouth... and the drool dribbling down your chin. And your soft, fluffy diapers... they're wet too, aren't they, My little one? Yes, Mommy needs to change you... and I AM going to change you... I'm going to regress you to a little baby... and KEEP you there... My little baby, all nice and safe... relaxed and sleepy... Dominica's baby... drooling, happy, and so
