

Obsession 1 – Cherries

Cherries! You know the story about Dominica and the bright, red cherries, don't you? Me, programming My live-in slave to become helplessly, powerfully aroused at the mere mention of cherries, the taste and smell and image of sweet, juicy cherries! Even cherry-induced orgasms. Now you can experience what he did, as I impose a NEW fetish on you, creating an obsession that was never there before, turning an ordinary everyday object into a powerful sexual trigger that will set your hips pumping and weaken your will, leaving you even more vulnerable to My hypnotic control. Beware, slave, you're about to discover just how completely you are surrounded by cherry-flavored goodies and cherry-themed designs. And every snack, every room scent, every cherry-decorated T-shirt, is going to make your mouth water and your sex drip. There's no going back, once My cherry obsession has you in its grip!
