

# Pollie's Period

Ooooh, my little sissy girl. Are you a good girl? Have you been listening to my Jessica, Satina, Suzi, or Paulie mp3's? Then I have a treat for you. You want to be my slave girl; well, I'm going to make you more of a slave girl. You are going to be my little Paulie girl in this one, and I'm going to give you Periods! But remember, sissy girls don't have normal periods. That's for REAL women. Little sissy girls like you have sissy girl periods. You get milked! Do you know what milking is? It's a special way of getting rid of that nasty boy cum that you have, by stimulating your little boy vagina! If you haven't felt this before, you will LOVE it! And become a better slave girl for Me!

But you will need a few things before you start: you will need a piece of plastic or other washable material, about 2 feet wide and 6 feet long. You will need a towel or pillow on which to put your head. And, if you don't already have a sex toy, you will need to get a dildo; get one that will fit in your hole! And, while you're at it, get a vibrating one; they are SO much more fun.

And buy this mp3, little sissy girl. You MUST obey Dominica.
