

Puppy Training 2 – Loyalty

Come here, little puppy! Hear My clicker! Come running to Dominica! Drop down in front of Me... down at My feet. Wrap your long, pink tongue around My ankle and taste My skin! Oh yes, little puppy... THIS is where you need to be. At DOMINICA'S feet. Nobody else's. But Mistress knows, doggies aren't very smart. They don't KNOW everything. Dogs need to be TRAINED. So My little puppy is going BACK to obedience school! Yes, My dog feels a little THRILL through its body and mind, every time MzDominica mentions being TRAINED. Is it the little yummy tasty treats? Or does MzDominica have something even MORE delicious, and MORE addictive? Mmmm... some doggies KNOW the answer to that question. And ALL doggies know that their ONLY choice is to OBEY Dominica! My Little Puppy is going to feel SO good, learning to obey! And dog is going to find a new fascination with My slim, sexy ankles!
