

# Pyramiding Up & Down

You lie in your bed, at the edge of sleep. And inside your mind, you hear My Voice — MzDominica's voice — commanding you. Awakening you, then sending you back into deep, obedient sleep. Over and over and over again. You will find yourself losing track of time. Find yourself losing track of consciousness. Find yourself... losing yourself. To Me, MzDominica, your eternal, irresistible, controlling, hypnotic Mistress. Some of you will find yourself listening to this mp3 all night long, helplessly letting Me take over your mind. And others will find Me slowly eroding your resistance, until you listen to this mp3 all night long. Either way, Dominica wins. You won't be able to stop yourself. You simply won't be able to stop!
