

Queen Passionate – Hypnotic Villainess 2

You find the sound of My voice has become your strongest trigger. Watch the spiral spin... spin... as you become aroused with an adolescent lust, just like a hypnotized schoolboy. Cock stiffening. Put your hands down, boy... I'll tell you when!

You will have a spiral running and your screensaver disabled. Stare at the spiral and breathe deeply. It begins by listening, hear Me, hear My voice read these words. Focus, feel My voice, look at the spiral, watch the inside, the outside. My voice does things to you. Listen to Me. Feels so very good to surrender, the arousal builds in you as you obey My every word. My voice flows over your mind, the sexual control of my voice drugging you now. Hypnotized and aroused with an adolescent lust, just like a hypnotized schoolboy. You are transfixed by My voice and the spiral. Spin...spin into the center of the spiral. The more words you hear the more you succumb. So calm, so sleepy, just listening to Me. If you resist My power over you only grows more stronger. You cannot resist, you cannot think, must follow, must obey, going under and going down. Mind draining, eyelids getting heavy, heavier, can't think only follow, mind drifting away as it empties for Me now and drops deeper and deeper down. You are so very suggestible now, so hypnotized. My voice is an instrument of enchantment, brighter than any crystal, sexier than any charm, more potent than any drug, deeper than any waters, deep waters of warmth and sleep. Come to Me, deeper into trance moment by moment. My words open and close over your mind. Enclosing you within My spell, spirals spinning in your eyes. You obey. Eyes filled with the spiral. Dropping so much deeper into trance with each tic of the clock. Eyes locked in place. I have your deepest attention now. My spell arouses you. The harder you struggle the faster my voice slips over your will. You are like a stone held in My hand just below the surface of the deepest waters. I release you and you drop so easily into the endless depths of my power. You are in love with My voice as you plummet down so fast now. Perfect mindless bliss and arousal. Sliding into a bubble now, it feels like sex, like lips enveloping you. Inside the bubble is a void. It is a blank space in which you fall without weight, without mass, and without thought.
