

Queen Passionate – Hypnotic Villainess 3

Tic Toc I Must obey the Queen. Queen is hypnotizing me. Yes My Queen hypnotized. We are one with My voice. You are hypnotized. You are more than hypnotized. You are being brainwashed as you slip into the void into the top of a huge bubble. Body washed inside and out. Brain washed inside and out. Falling, floating, blank, washed, empty, and clean. Your soft sexy brain passing through My colorful bubbles now. Body washed, brain washed as you pass through each one. Your brain feels bubbly, silky, soapy bubbles. Bubbles are everywhere now. Deeper inside than you are aware. They slide through your thoughts, slide through your memories. The bubbles are filled with My words. Tic Toc I rule your cock. Bubbles sliding through your brain, they make you hard, they make you insane. In and out, all throughout, My voice flowing and washing, flowing and washing. You cannot think, thoughts are mine; instincts are mine, better to follow and obey. Feel yourself falling freely now deeper and deeper down. Nothing matters but My voice. Washing, replacing, fucking, erasing, mind control is happiness. Everything connected to Me, a sleepwalker a mindless zombie. You address Me as Queen, I am your Queen. I can make you a robot, a love slave, my hypnotized servant, a mindless zombie. You are constantly under My spell. Stare into My eyes, stare and lock, stare and lock. Drop to your knees, down on your knees. Kneel before Me and drop. You worship Me, worship the Queen. To get hard you must think of Me and through your hard cock I will gain total control. Mind control is happiness, say it again, and again My control is happiness. Helplessly aroused you give in to My desires. Tic Toc forget and drop DEEPER than EVER before!
