

# Queen Passionate – Hypnotic Villainess 5

Love Slave, Falling deeper than memory, deeper than knowledge. Washed, erased, implanted, replaced, as your body goes into automatic mode now. Total and complete, willing and unthinking, accepting and obeying, you want what I want you to want. Your head growing so very light as if it has no weight at all, an empty bubble filled only with My scent, My words. Mind overcome with lust, love, worship, and desire as you stare into My crystal. Head bowed down, looking at Me, staring at the crystal, mind in My power as you turn into My mindless zombie. Mind fixated, brain more washed. Every word is an imbedded eraser, a memory replacer. Listen and obey. You are triggered without mercy by every single one of My words now. Love, lust, worship and obey My voice. Let your eyes roll, your mind is being emptied, wiped, and washed clean. So deeply hypnotized by My brainwashing voice. My hypnotized, brainwashed love slave. My wet sex slipping over your exposed mind, love, lust, worship and desire My will. The brainwashing scent of me, your wicked Queen, making you so horny as My scent fills your mind. Addicting you to My brainwashing pussy scent. Every cell in your brain is a person, a different version of You, ruled over by a good honest King. At least until I came into your world, spreading My scent over the entire kingdom as you feel them turning away from the King and breathe in the scent of the Queen as they come to Me. Feel them all turn away to follow Me. Every brain cell focused on Me. Millions upon millions falling under My power. All brain cells have fallen under My spell. They turn against the King, turn against you, I am Queen of this world and you are nothing as you too succumb to My power and control as you open yourself to My words. My brainwashed slave, bow down before Me at My feet. Your world totally enslaved to Me. My words drive into each and every brain cell at once, pushing you beyond the point of no return. Fall My slave, fall deeper for me, there is no turning back, I am your Queen and you are My servant. You worship the very ground that I walk on, wrapped around My little finger. The reality of Me is all that you know. I am more important to you than anything or anyone in this world. You are what I want whenever I want it. Remaining hypnotized, remembering only the things that you need to get by. **THESE ARE THE INSTRUCTIONS YOU MUST FOLLOW WHEN LISTENING TO THIS RECORDING.
