

Queen Passionate – Passion Queen 1

Brainwave Synchronization is used in this recording for deeper levels of trance. Look deep into My hypnotic eyes, see how they reach out to you and draw you in closer to Me. See how they condition you and seduce you. See My eyes in your mind now. See them open wide as I stare into your eyes. You cannot look away; you are lured into Me. Closer and closer to Me, seeing only Mistress Passionate now. You are entranced by My words and by My sexy voice. You agree with Me don't you pet? Yessss. You are at a gathering, a party with the woman you love and all of your fiends with you. You see a flash of light and you forget. See the champagne glass in your hand, you feel, giddy, woozy, drunk, you must have had a bit too much. Dropping and falling under a spell as you feel My power radiating into you from the other side of the room. You are pulled to My light to Me, I am wearing a slinky black dress, a hypnotic pendant dangling at My cleavage. I am all you can see, as I move the crystal pendant all over My seductive body. You obey Me as you follow the pendant as I move it to My eyes and they capture your attention. The pendant spins between My eyes and the diamonds sparkle in My eyes, making your mind smaller and smaller and smaller as I wipe your mind clean. I beckon you closer to Me and you obey. Drift away, drift away, and come to Me, closer and closer to Me. Stare into My eyes as you drop your glass. Everything else has disappeared only I exist to you now. Obey me now. Obey and follow my every command. You forget everything else except Me as you breath in My hypnotic perfume, breathing in and out, in and out. The drinks have all been laced with My mind control powder, it is on the food, and in the air vents, soon everyone will be under My power and obey Me. You fall to your knees before Me now and look up at the swinging pendant as I erase you from the memories of everyone here and take the woman that you love away from you, making her forget you completely as I become her Queen and she becomes My servant. Worship your Queen as I say forget to you and you forget everything except for Me now, hear and obey. You will come to My castle wont you? Say yes my queen! Yes my queen! Yes my queen. When you dream you dream only of Me. Yes my queen! Yes my queen! Yes my queen. Forget, forget, forget, everything except Me. You are under my spell, under my control. As my instructions take full effect. If you ever want to see her again you have no choice but to follow now pet. Follow and obey Yum!
