

# Queen Passionate – Passion Queen 2

Brainwave Synchronization is used in this recording for deeper levels of trance. My voice calms and quiets you. Clouding your mind and your thoughts as you forget everything else except me, I am all you think about. You feel, dizzy, woozy as you give in to Me. You follow My every word. Fall deeper and forget. Follow and agree as you breathe slowly in and out. You agree with all that I say now. Listen and come to Me now. I am so beautiful, so irresistible. Remember My entrancing body and eyes. Focus completely upon Me. Lie there and listen to Me, you dream of Me as I come to you now. You fall asleep dreaming of Me, drifting down. I slide on top of you as you sleep, as I straddle you. My fingers massage your temples. You feel the heat of my body as I slide myself down your body teasing your sex with my silky black panties. As I slide up and down your body, you breathe in my perfume and listen to Me. Listen only to Me, only My thoughts matter now in your mind. My panties sliding up and down on you, you need My words, so deeply aroused now as you listen to Me and agree with My words. All thoughts drifting away as my panties slide up and down, up and down, up and down over your sex now. Forget! Forget! Forget! Everything but Me forgotten. Give your mind to Me and fall deeper under My hypnotic control as you listen to My seductive powerful voice. Forgetting everything except for Me as you go deeper and deeper for Me. My pussy lips teasing you now as you forget everything else, fall completely under my spell now. I slide down over your shaft, sliding down over your mind My sex hypnotizing you, sliding on you and over you now. As I straddle you, you look into My entrancing eyes and you become lost in My eyes, feel My body, feel My heat as it spreads and flows into your body. Heavy, warm and numb now as you gaze up into My eyes as My heat rises throughout your body. Gaze into My eyes slave. Gaze at My panties as I lift them up before your eyes. Swinging them back and forth, back and forth. Breathe in My scent as I place the panties over your nose and mouth. Breathe in deeply, in and out, in and out, breathe in your Queen and become My slave as you breathe out. Worship your Queen. Standing under a night sky looking at a huge wooden door, the door to My castle. you hold a piece of white paper in your hands, a spiral forms on the paper and turns into an x, it is a map, you must find the way into my castle to rescue your loved one from Me. You are naked on a stone floor, the woman you love is before you shackled to the wall, deeply asleep. Two crystal glasses sit on a table, you can save her by drinking one of the potions, one is drugged with mind control syrup the other is the antidote. Stare into your lover's eyes now as they change right before your own weary sleepy hypnotized eyes. This adventure has just begun My pet, yet another installment awaits you!
