

## Realm Pt 2 – Fem RagDoll

Every girl has her collection of little stuffed toys. And I am no exception. In Dominica's Realm, YOU are going to become one of those toys. You are going to become My little Rag Doll. So floppy, mind empty — ready to be... played with! Oh, yes! I'm going to play with you a LOT! And you are going to become My little hand puppet, ready for any little playtime fantasy that occurs to My demented perverted beautiful brain! But there ARE compensations — I like to keep My stuffed toys... on My bed! Now, HOW can you resist? (You can't. You never really could...)
