

## Realm Pt 3 – Whip Trance

THWACK! The impact of My lash strikes you on your left buttock. You didn't expect Me to hit you THERE... did you, slave? No... you thought My blows would all be landing square between your shoulder blades! I have you tied down... shackled to the floor... kneeling in My dungeon... your arms pulled down between your legs... And you don't know where the next sting of searing pain will come from... THWACK! You're here for punishment... you're here for instruction... My collared and branded slave! Boy slave... girl slave... you're here because I WANT you here... and what Dominica wants is all that matters. THWACK! Sometimes I seduce your mind with gentle hypnosis... And sometimes I train you with pain... with humiliation... with a beating... While you are helpless... locked down... tied down... gazing up into My green eyes and begging for more! Yes, you WILL beg for more! You will LEARN to beg... for Me to whip you!
