

Realm Pt 5 – Esmeralda

There are many kinds of slaves in Dominica's Realm. My dancing girls are very special, indeed. Every dance, every tiny movement within a dance, arises from the dancer's sexual desire — her aching need to be touched, fucked, controlled. As My dancer Esmeralda, you feel so feminine as you dance. So alluring. You will remember how we met on the dance floor of a nightclub, and how I took you with My eyes. How I stoked the flames of the sexual fires within you, and made you My dancing girl, a collared and branded slave in Dominica's Realm, forever! This MP3 has been HEAVILY treated with Binaural beats and echo effects. It also contains some stretches of no effects because the quality was soooo incredible on the recording I found it a waste to use effects on all of it. This recording is designed to make you dizzy and disoriented it may effect you in a negative manner if you suffer from epilepsy or equilibrium disorders.
