

## Realm Pt 8 – Switch Bitch

Put on your calf boots, slave! MzDominica has an assignment for you! Yes, I've got a little submissive who needs training. She needs to be taught how to serve properly in Dominica's Realm. And I am delegating her instruction... to you! That's right, I know some of you are switches — subservient to Me, dominant to others. I have special uses for slaves with your talents! Drop to your knees and thank Me, now, My little slut! Lick My boots! A long, trail of your tongue, from My toes... up to My knee. The shiny surface reflects your face — darkened by the black leather, altering your features into something unfamiliar — twisted, distorted somehow. Reminding you who owns you. Reminding you that DOMINICA owns you. Now stand up, slave — tall, intimidating, and in charge! The little slave girl is waiting for you, on her knees. You find your hand holding the leash, attached to her collar. Her mind is already empty — My doing, for I have already enslaved her. Now it is your job to fill that empty mind. Begin with... You MUST obey Dominica! This mp3 is for both My femme sluts and My slave boys.
