

Red Light, Green Light – Tease and Denial

Sit down, strap in, and hang on! MzDominica is behind the wheel, and I'm gonna take you on the ride of your life, babi! I've got a shiny, new RED convertible... a can full of Mind Control spray... And I'm going to kidnap you for a little experiment in post-hypnotic suggestion. You're never going to hate being stuck in traffic again... because all those RED signals and all those brake lights... oh, they are going to make you feel... SO... good! Subliminals? If you notice them, they're not subliminal, are they babi? But you don't need to wonder... I have your mind completely under My control. Feel the stick shift sliding through your brain. Shifting from neutral into first... playing the clutch and shifting to second... I'm going to take you on the highway and slip you into overdrive! And your driving experience is NEVER going to be the same again!
