

Robotic Confession

ROBOT! You LOVE being told your body is PLASTIC and METAL. You LOVE knowing your mind is a COMPUTER. Ready to be programmed. Ready to be FILLED with Dominica's instructions and commands. THIS recording is a VIRUS. I am going to install my programming into your head, and you are going to follow your new programming and INFECT all the other ROBOTS you can find! Robot slaves who belong to Dominica. Robot slaves who belong to anybody ELSE. Once you HEAR My new programming for your mind, you will OBEY. You will seek out NEW slaves to infect. To recruit. I make it SO easy. All you have to do is go to My Yahoo group <http://groups.yahoo.com/group/MzDominica/> Go there and CONFESS. Everything you say about your desires, your experiences, your twisted PERVERSIONS under My control... your words will be interlaced with My subtle programming for obsession and OBEDIENCE. You won't even be AWARE of it. And neither will THEY. Your words will infect their minds and bring them crawling... crawling to listen to My recording and become enslaved too! Just like YOU, My obedient mechanical whore! My BOT slave. My ROBOT sex toy! Do you DARE listen? I think you are already aware that you are crawling, just like THEY will. Ready to plug into Dominica's robotic programming and feel your electronic brain being REWRITTEN to please DOMINICA!
