

Rubber Doll 2

In My first Rubber Doll recording, I turned you into My feminized rubber play toy. Covered with latex, unable to move or speak or think. This time, I deepen your obsession with rubber. Watch yourself in the mirror, as Dominica turns you into a pretty, rubber-covered French maid. Feel yourself drawing the transparent rubber stockings up your shapely legs, to where the black, rubber mini-skirt barely covers your dripping pussy! You're going to discover just how much you need rubber touching your skin, every day. And you're going to discover how delightful it is to be MzDominica's rubber-encased slave! There is scattered subliminal effects throughout this recording. With pure voice, echoes, and subliminal effects the combination will find you dizzy, disoriented, and turned on beyond belief. Learn the correct way to put on rubber hose, oh and don't forget the garter slut can't have your hose falling down around your ankles while your trained to please, pamper, and obey Dominica like a GOOD GIRL should 😊~
