

# Sissy Prison Guard

That's it! I am fed up with your disobedience. You are going to prison, My little sissy. But it's unlike ANY prison you've ever seen before! All soft carpets and draperies... huge easy chairs and tea time. Of course, YOU will be the one serving the tea... to the beautiful and dominant Lesbian prison guards. And like all the other prisoners, you will be dressed in frilly, pink satin and lace... such a pretty little sissy girl! Not a sissy boy... a sissy GIRL. And when Prison Warden Dominica locks your cock into a tight, pink chastity belt... I'm going to make SURE of it! Oh, it's not really a JAIL, My sexy little bimbo! It's more of a... retraining center! I'm going to create the compulsions in you that will FORCE you to become more and more feminine, every day! So you can become a useful member of society... serving Dominica as My obedient, little sissy. Of course, you MAY find yourself becoming so obsessed with "prison life," you may NEVER want your sentence to end!
