

Stiletto Boot Goddess

My thigh-high, shiny stiletto-heeled boots... and your tongue! There isn't really anything else. Not in your whole existence, boot slave!

It's like watching a MOVIE. Watching ANOTHER boot slave crawling across My dungeon floor, eyes blank, tongue hanging out, desperate for a taste of My shiny leather boots! And suddenly you are IN the movie. You ARE that slave, your tongue caressing the smooth, shiny leather... your lips kissing the tight, black laces. Your ears are filled with Dominica's hypnotic Voice... My Words entering your mind from the left, and the right... My commands in the center, focusing your mind down, down, down... to the tip of your tongue, where the slick, shiny leather of My boots engulfs your senses with the taste, the smell, and the sound of boot leather pressed against your slave mouth! Slide your hands up and down My smooth, firm calves, stare into the bright, shiny reflections, and drop DEEP into mindless slavery, at MzDominica's perfect booted feet!
