

Suzy's Bimbo Hose 5

This is a LUNCHBOX title. Yes, My little Bimbo Suzi... you love the feel of tight, shiny panty hose on your legs. The way they feel... the way they look... So shiny and shimmering... You stare in the mirror and call to Me, modeling, showing off your long, smooth legs... "See, Mistress? See how pretty and shiny my legs are?" Oh yes, Suzi! You look so pretty and sexy. And your puffy, pussy lips are so smooth, so pretty under the shimmering, silky hose! But your dripping pussy aches for some attention... doesn't it, girl? You need Dominica stroking and massaging your clitty... filling you with a big, thick strap-on... pumping into you and making you cum! You need it so bad. You ache for My touch, twenty-four hours a day... But there's another way I can stroke and massage your hard, little clitty... all day... all night... With a special pair of panties... Bimbo Panties...
