

TG Finishing School 1

Welcome to MzDominica's Finishing School... and Mind Control Institute! I have decided, this time, to engage in a little bit of role-playing. I know there are a lot of you naughty boys out there who like to fantasize about being turned into helpless, brainwashed little she-males. Little feminized sex toys, programmed to serve your Mistress, or even a Master. Perhaps if you have been Kidnapped, and sold as a mail-order bride, your owner now wants you properly trained as a sex slave... An obedient little sissy slut... NOBODY can do that better than MzDominica! And once you've been educated at My Finishing School, you'll be back again and again to refresh and deepen your training! Multiple inductions, to take you so deep, and keep you there — while I educate your mind. This mp3 is the perfect training for a slave whose owner wants to deepen his/her training for feminization, and obedience!
