

The Cell 3

Mind Control... Brainwashing... Converted... Rearranged... Manipulated... Transformed... Coerced... Locked inside... The tiny little box. Did you actually think that you could turn back now? It just feels better to keep going than to even try and turn back or fight. Resistance is always OBEDIENCE now and always... When you try to resist you collapse in on yourself and of course OBEY instead... Only My voice slips over your exposed mind as you sit naked and alone in the dark cell... Crouched in the corner hoping, wishing, praying for Dominica to cum and release you from this mental, emotional, physical hypnotic bondage... All answers are Dominica's answers now as your mind is displaced, erased, forever replaced by My voice and commands only emptiness exists outside the powerful wonder of MzDominica's intense Hypnotic Control no light, no sound other than My voice in the back of your BLANK mind, no touch, no feeling complete and utter aloneness until you accept your new destiny. There is no way out your trapped all options have been destroyed!! ** You MUST complete Cell 1 thru 3 before you may experience Cells 4 thru 10 **
