

# The Wrath of Dominica

PAIN! Mmmm... yes, you're already horny, just reading the word! There's something about the hot fire of raw nerve endings that gets you aroused... isn't there, pet? Whether you're male or female, the craving for a good beating just EATS at you sometimes... making you shake with growing lust. You don't want the numb, warm RUSH of endorphins... oh no, not for you! The PAIN makes you moan. The PAIN makes you grind your hips. The PAIN makes you CUM! Oh, but not YET, My little pervert. Not yet. Not till I twist your need for pain into an addiction... into a deep fixation on serving Me, MzDominica... your Giver of pleasure and hot, sweet PAIN! I won't even let you CRAWL into My dungeon, until you BEG... until you beg for what you REALLY want, pain slut! And when I'm through caning you, beating you, scratching your thighs raw and bleeding... you are going to THANK Me for My gift, babi! You're going to THANK Dominica for the welts, the bruises, the skin too red and tender to be touched! And then you are going to beg Me to hurt you again!
